Final Test– Design and Dynamic Website

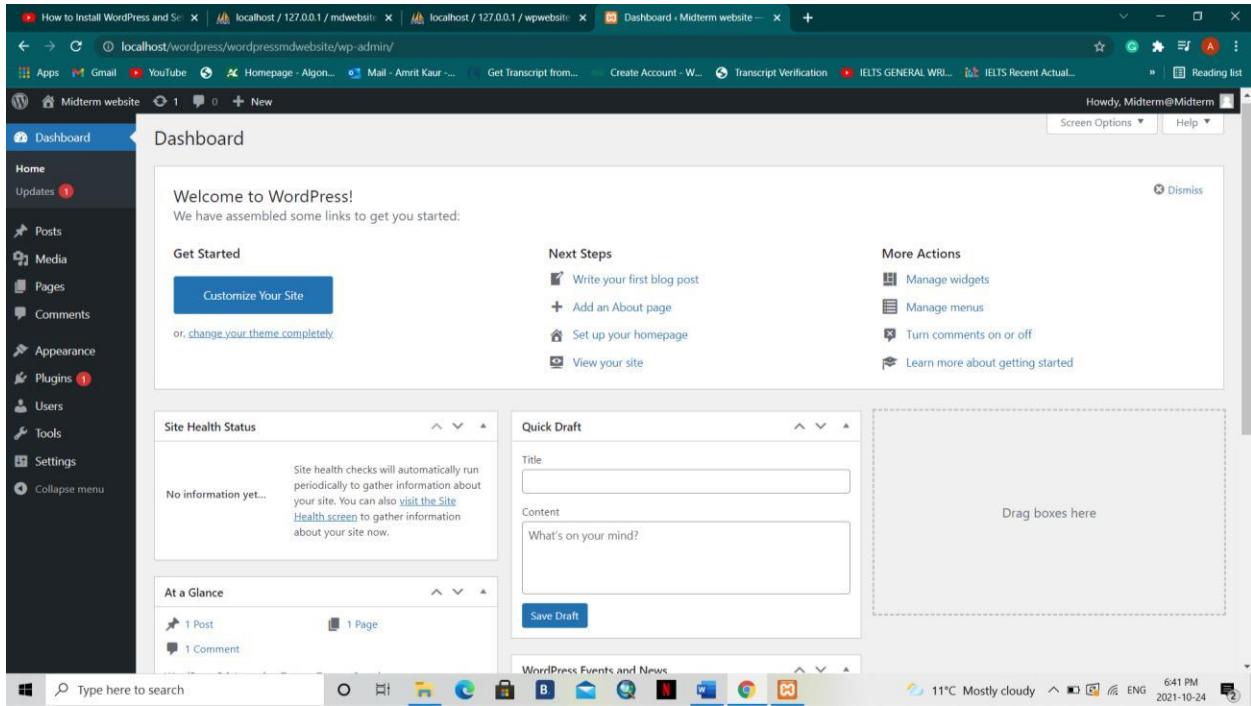

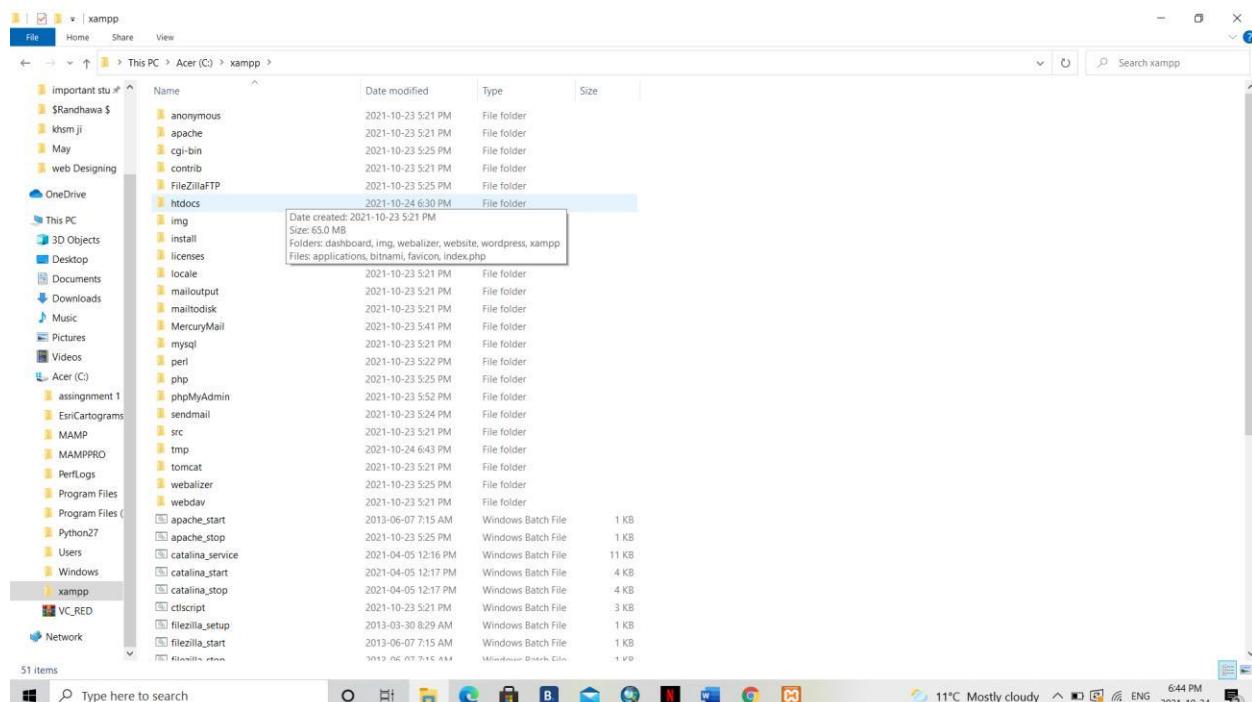

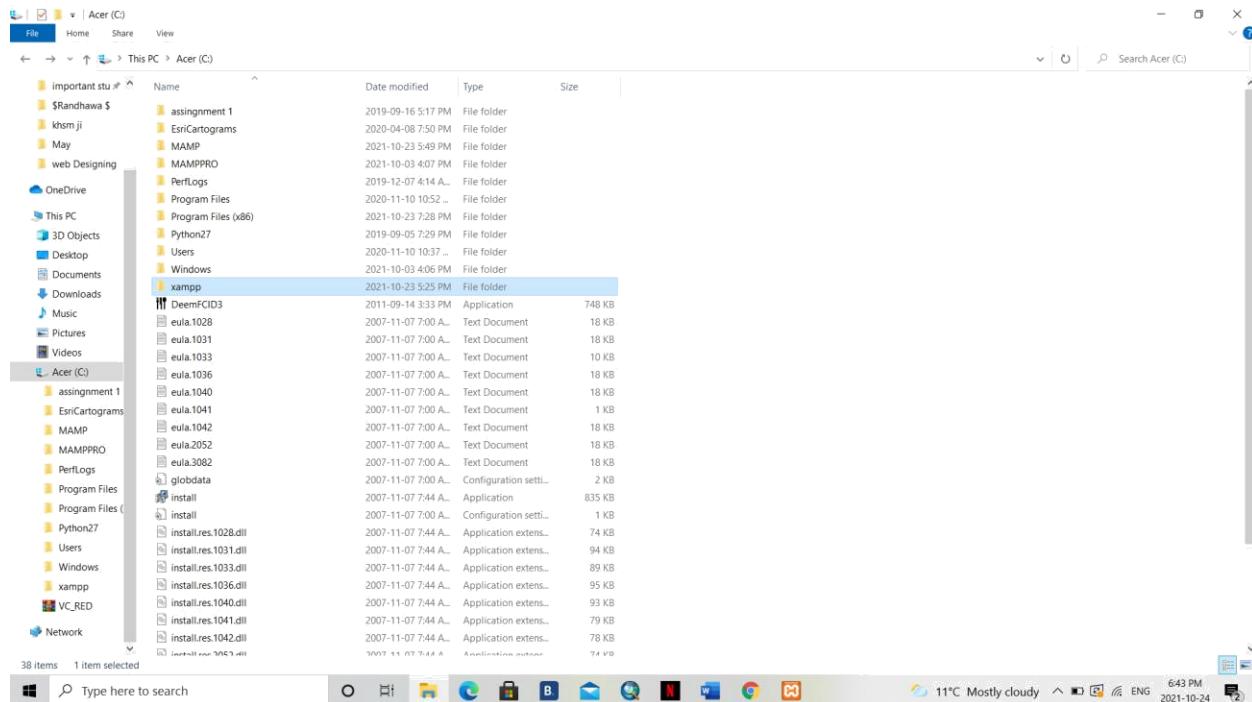

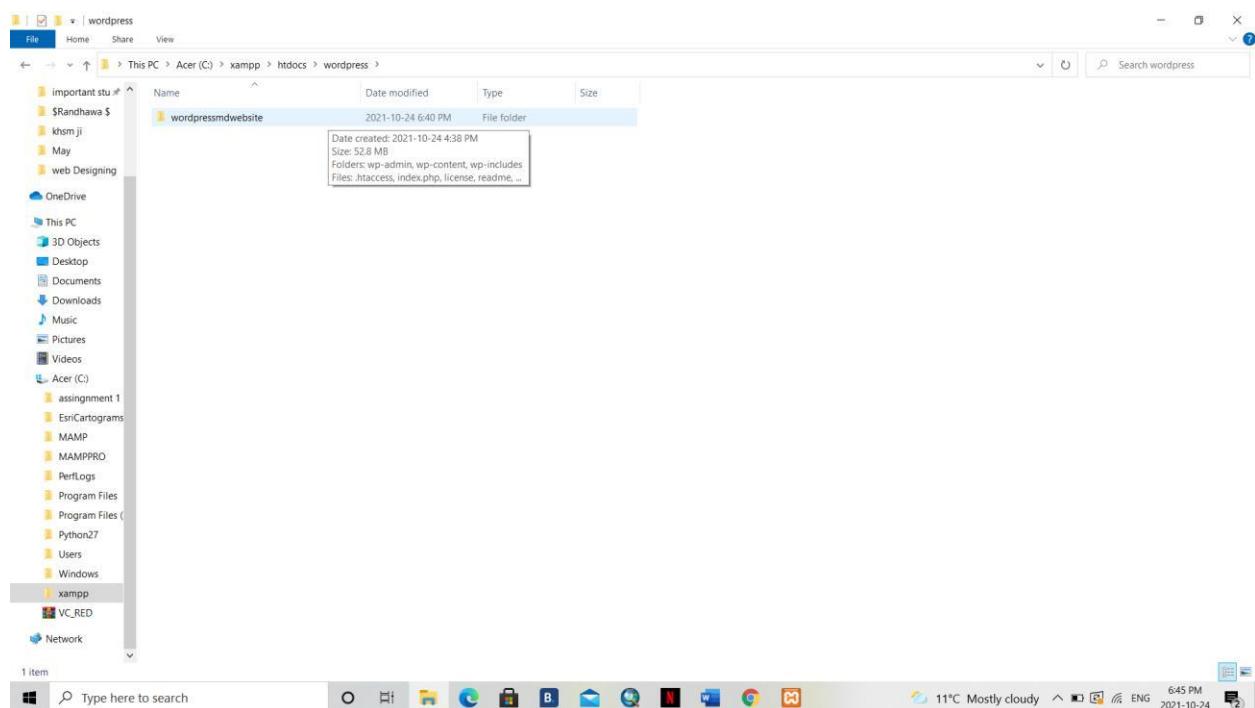

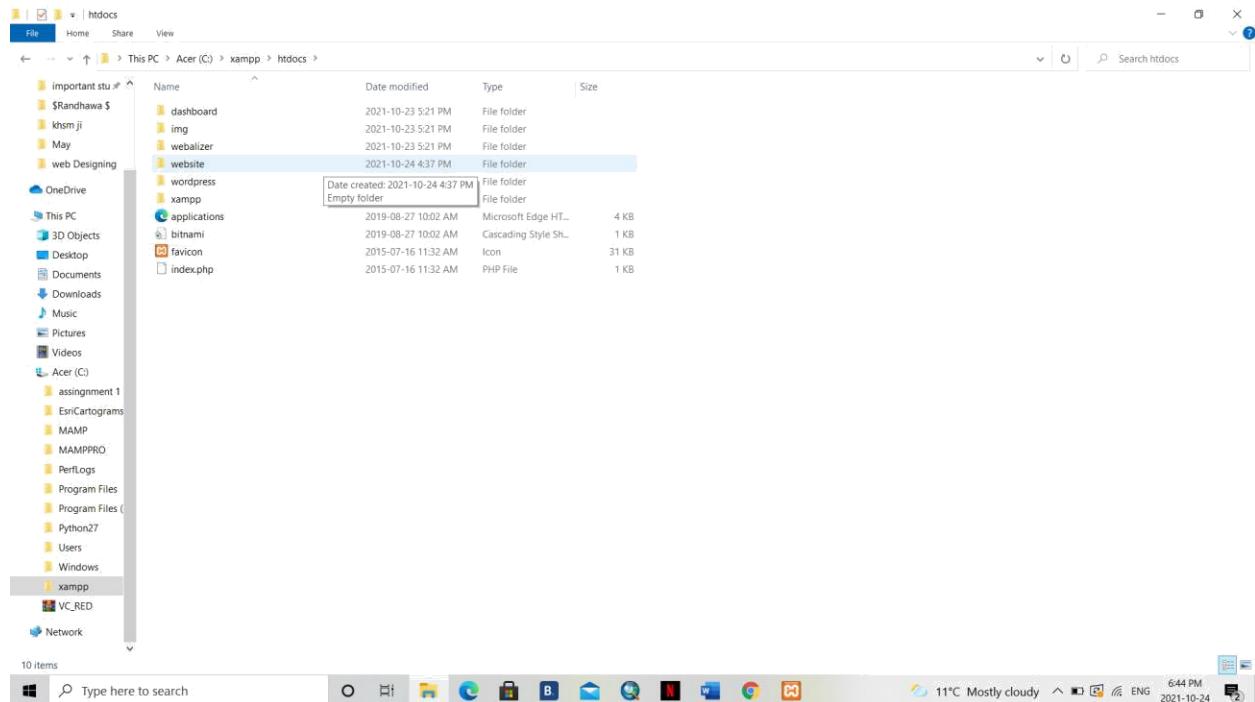

Website dashboard

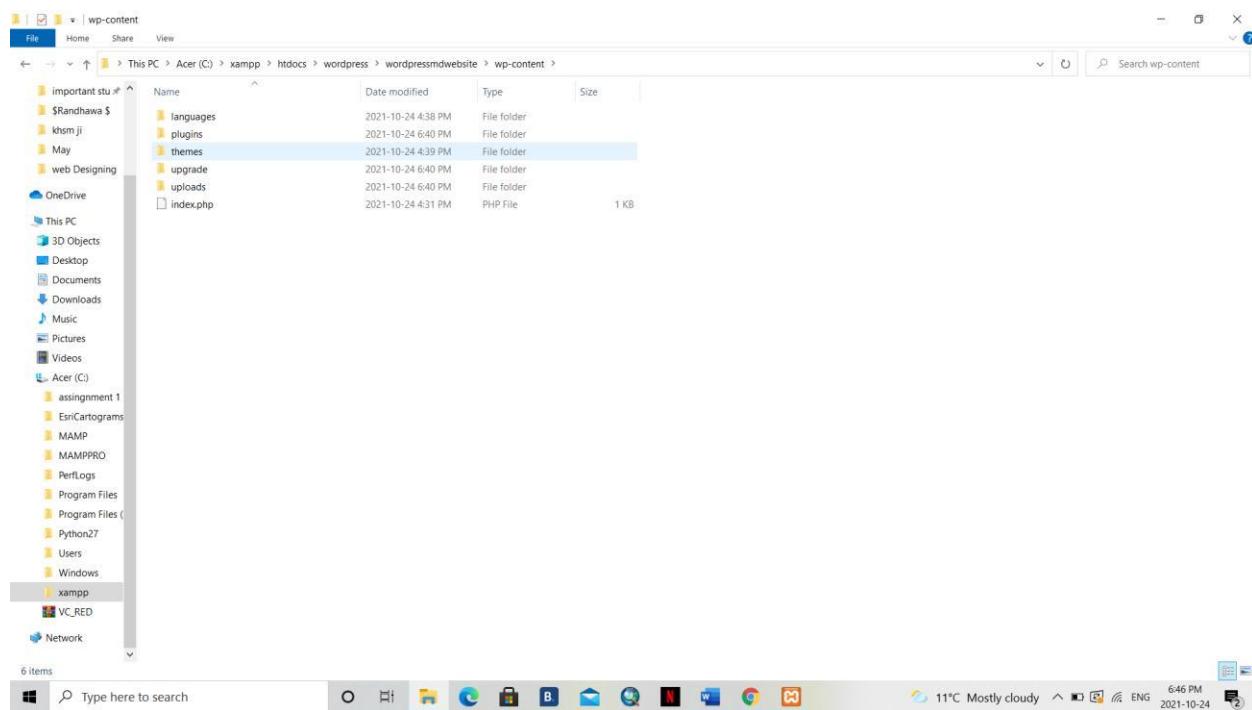

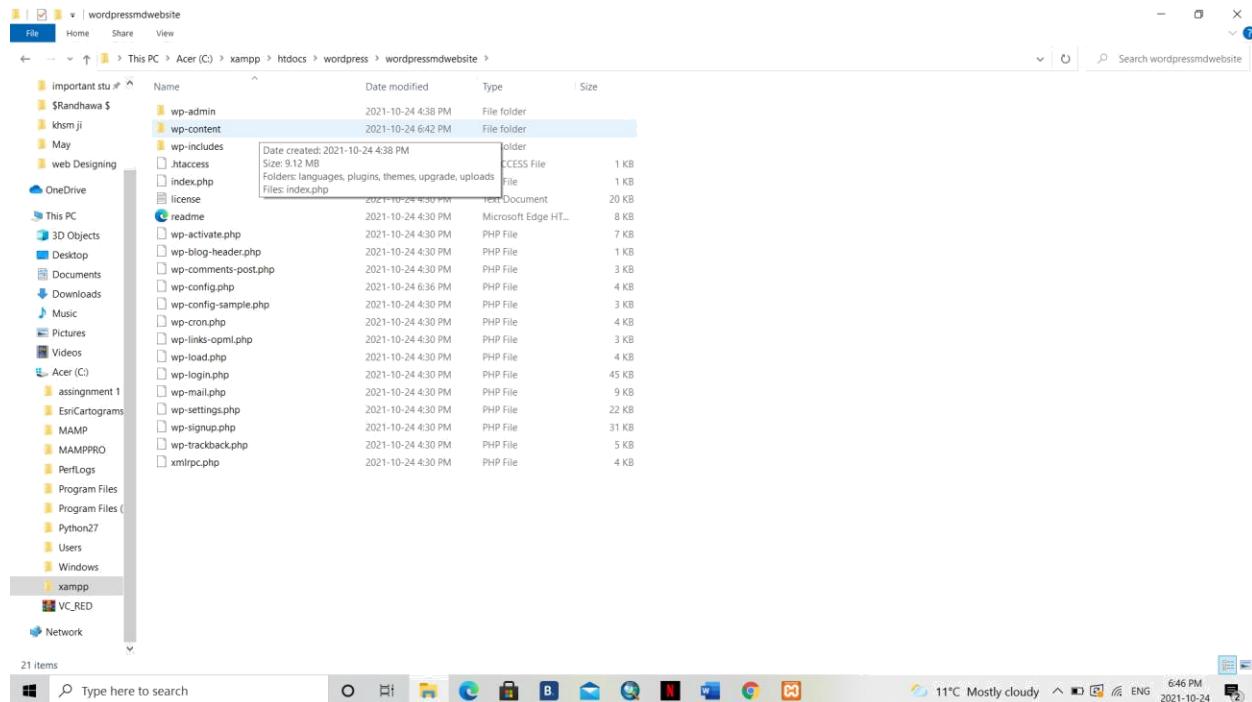

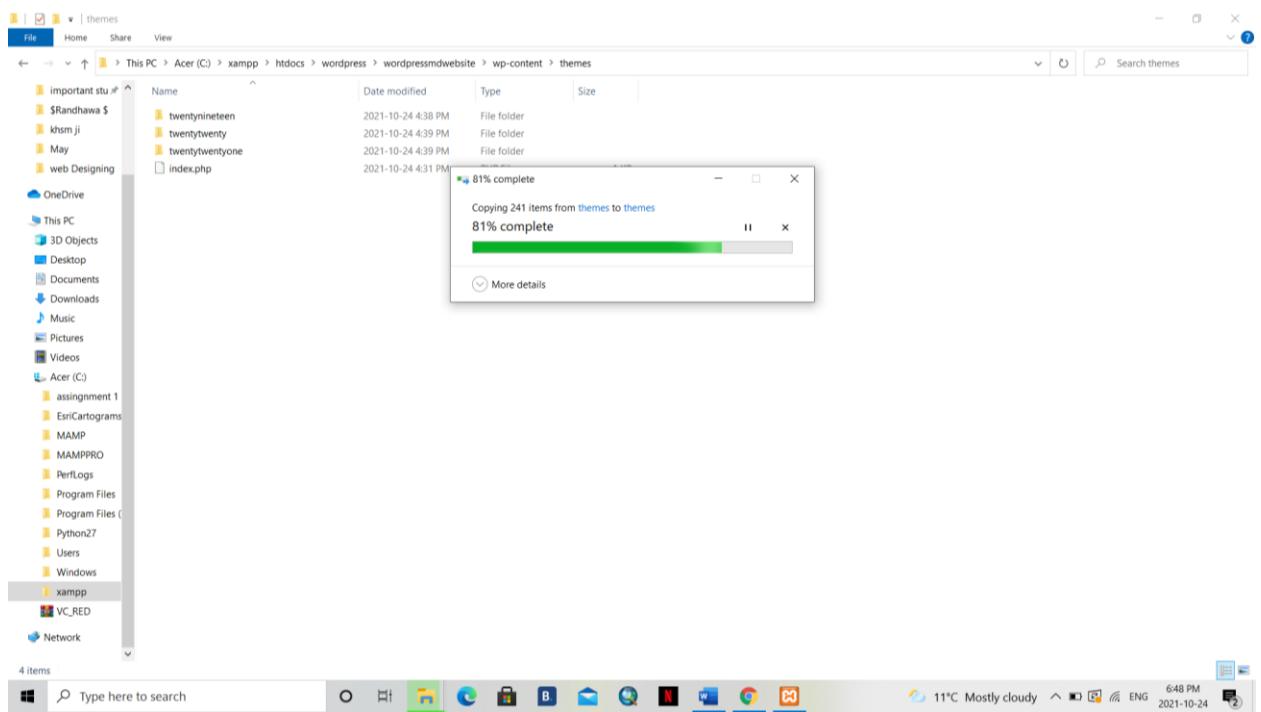

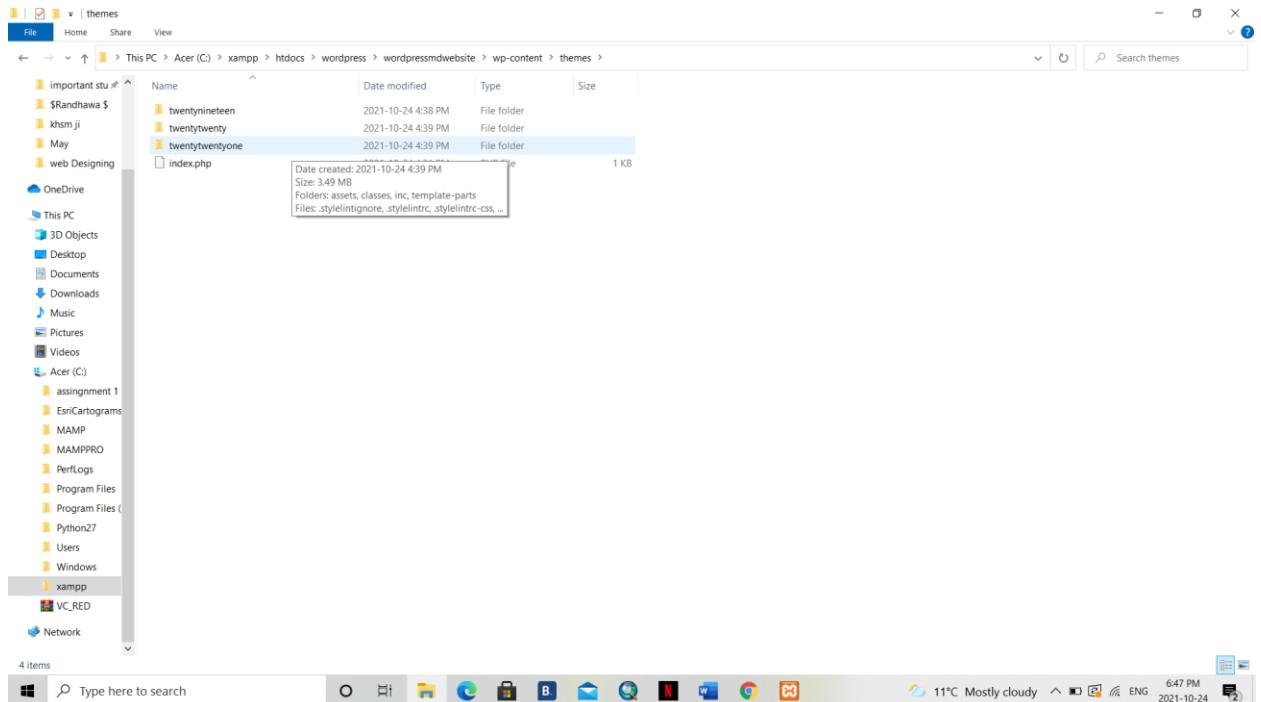

Create theme

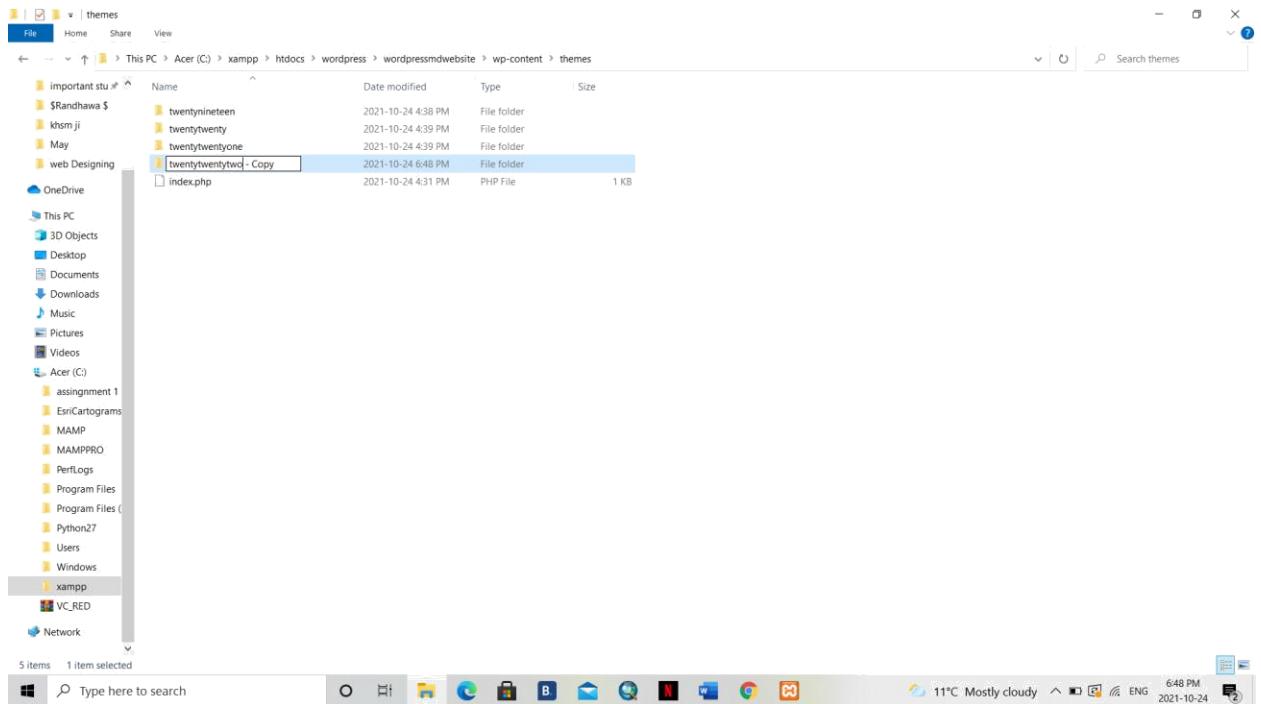

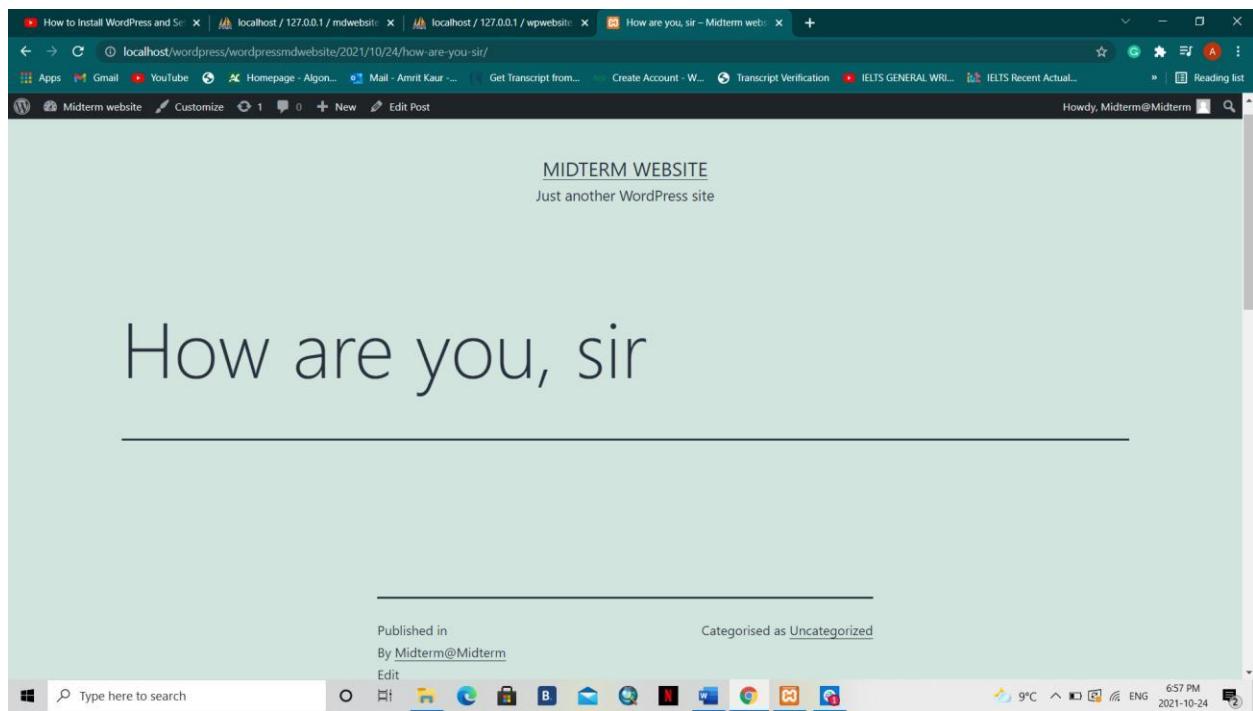

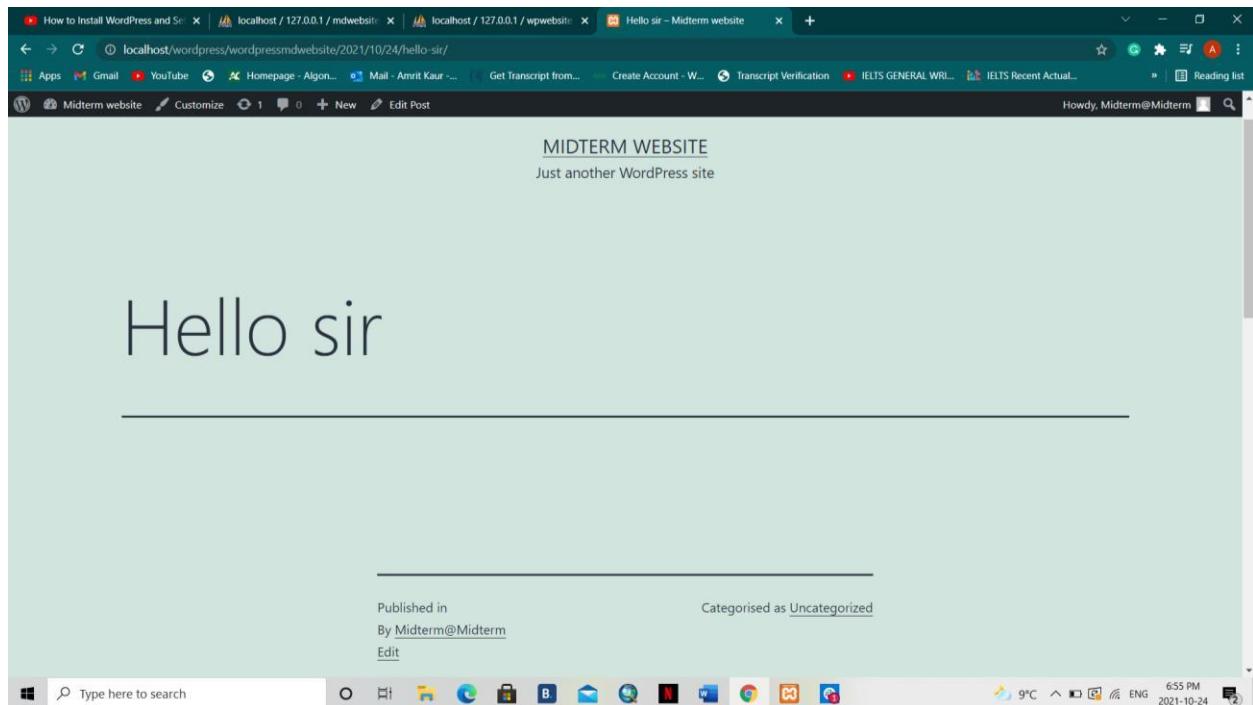

wordpress

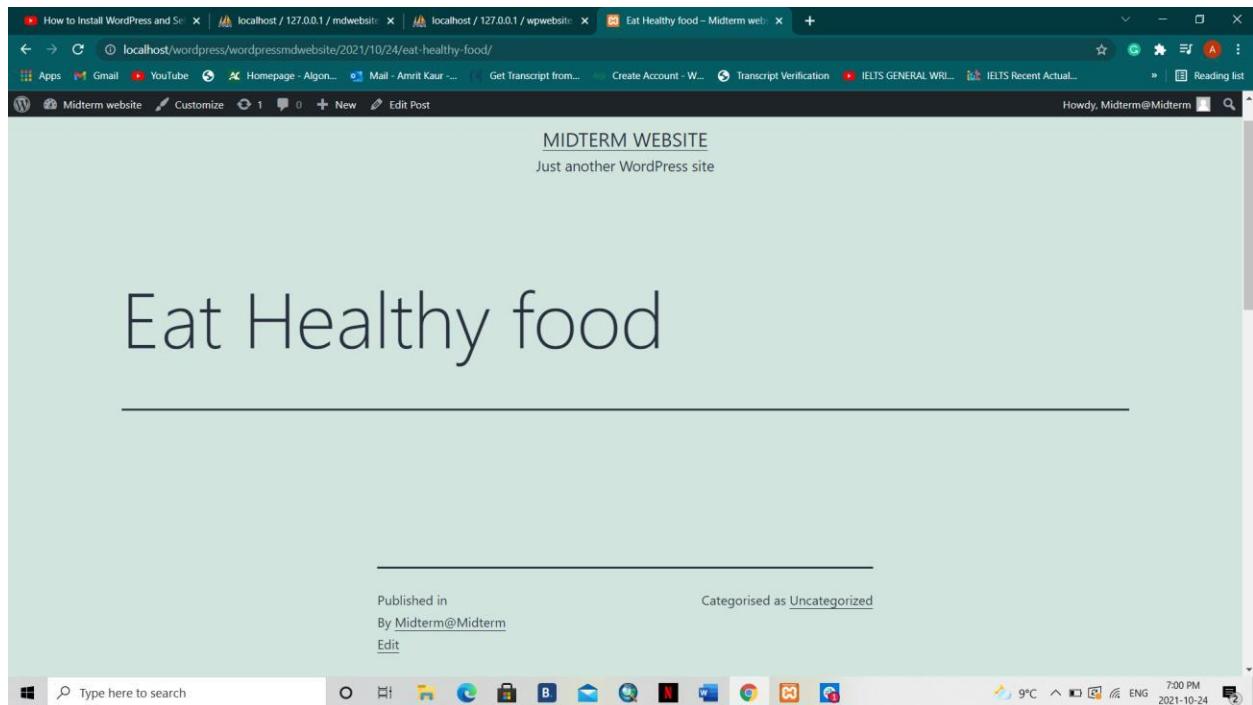

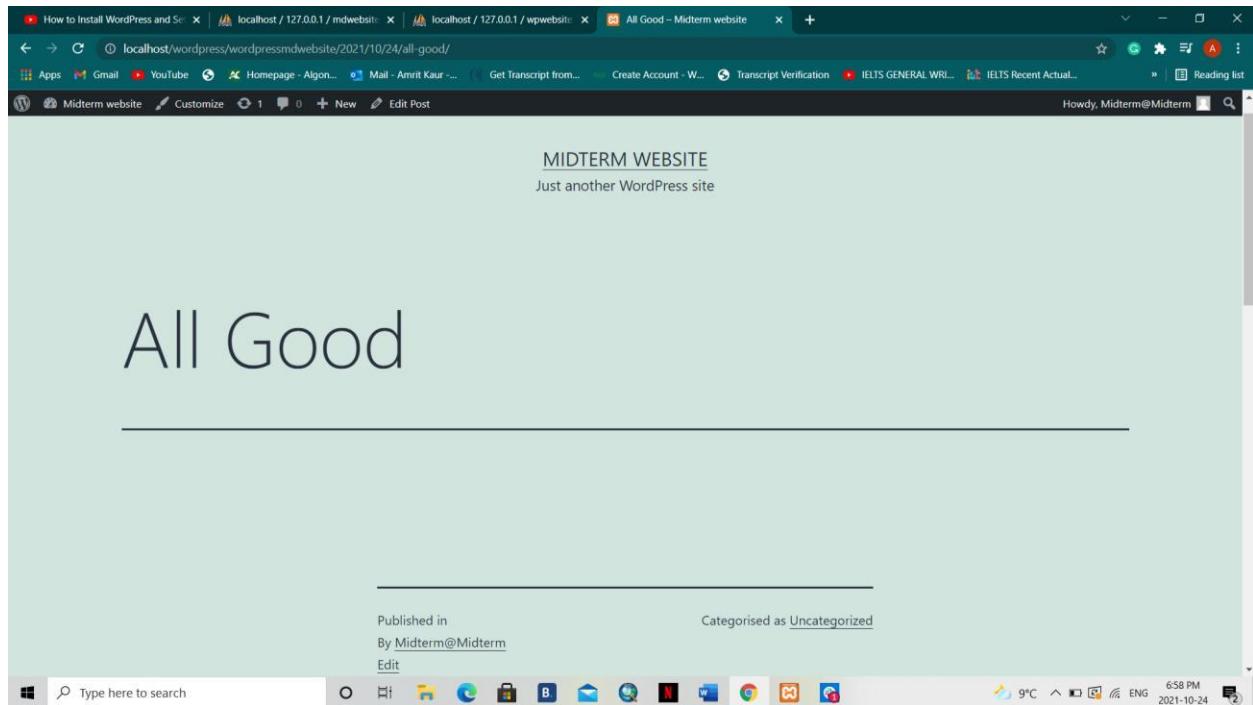

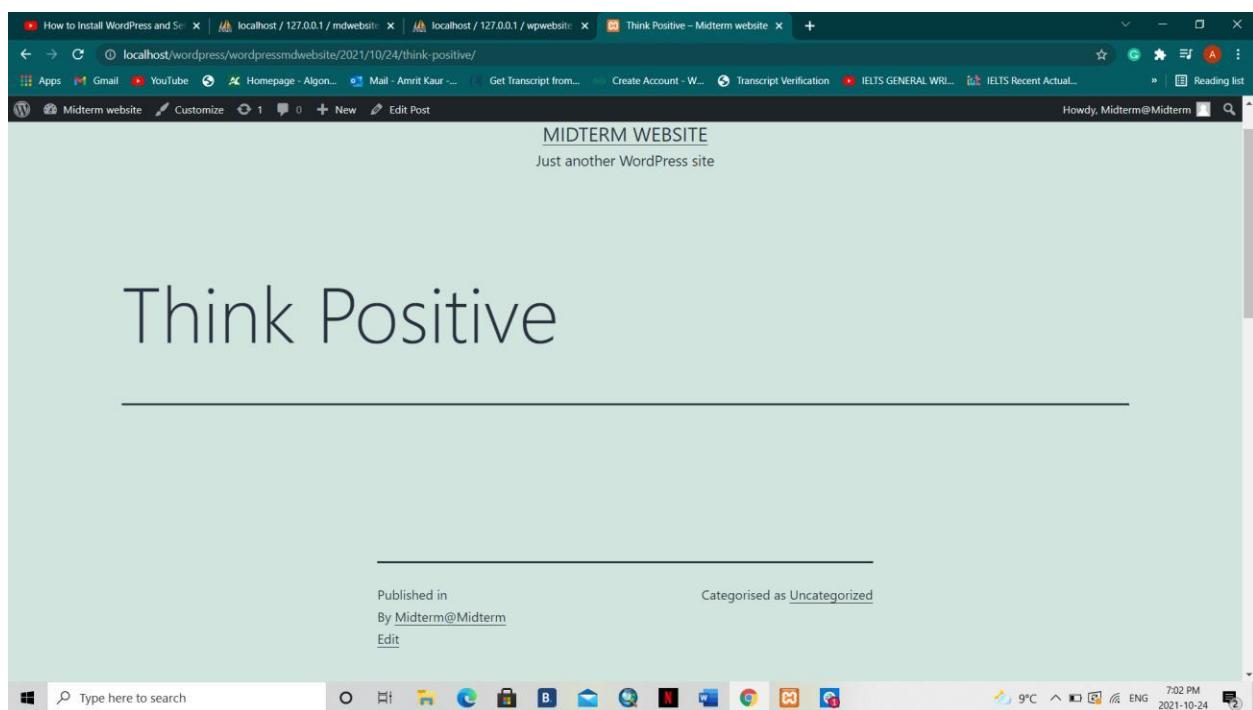

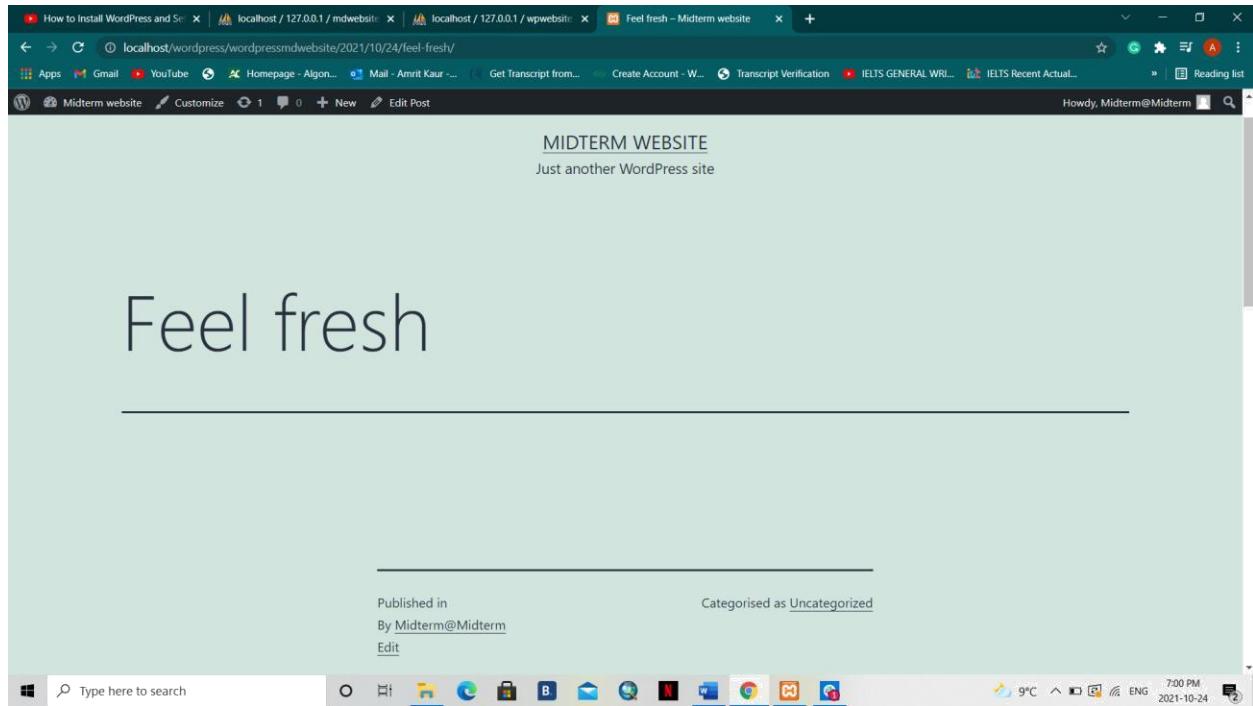

A screenshot of a Windows desktop showing a web browser window. The browser has multiple tabs open, including "How to Install WordPress and Set it up", "localhost / 127.0.0.1 / mdwebsite", "localhost / 127.0.0.1 / wpwebsite", and "Think Positive - Midterm website". The main content area shows a blog post titled "comment-2" published by "Midterm@Midterm" on "24 October 2021 at 7:03 pm". The post has one comment, which reads "thats good" and was also posted by "Midterm@Midterm". Below the post is a "Leave a comment" form with a "Comment" input field. The taskbar at the bottom shows various pinned icons and the date/time as 7:03 PM, 2021-10-24.

The screenshot shows the WordPress admin interface for managing comments. The left sidebar is dark-themed and includes links for Dashboard, Posts, Media, Pages, Comments (which is the active tab), Appearance, Plugins (with a red notification dot), Users, Tools, and Settings. The main content area is titled 'Comments' and displays a list of four comments. Each comment row includes columns for 'Author', 'Comment', 'In Response To', and 'Submitted On'. The first three comments are from users with Gravatars and names like 'Midterm@Midterm'. The fourth comment is from 'A WordPress Commenter' with a placeholder Gravatar. The status bar at the bottom shows system information: 9°C, 7:06 PM, ENG, 2021-10-24.

Author	Comment	In Response To	Submitted On
Midterm@Midterm localhost.wordpress/wordpressmd website Gur1504preet@gmail.com ::1	Good for your life	Eat Healthy food View Post	2021/10/24 at 7:06 pm

A WordPress Commenter wordpress.org wapuu@wordpress.example	Hi, this is a comment. To get started with moderating, editing, and deleting comments, please visit the Comments screen in the dashboard. Commenter avatars come from Gravatar.	Hello world! View Post	2021/10/24 at 6:40 pm

Create header and footer

Click Appearance then header footer builder

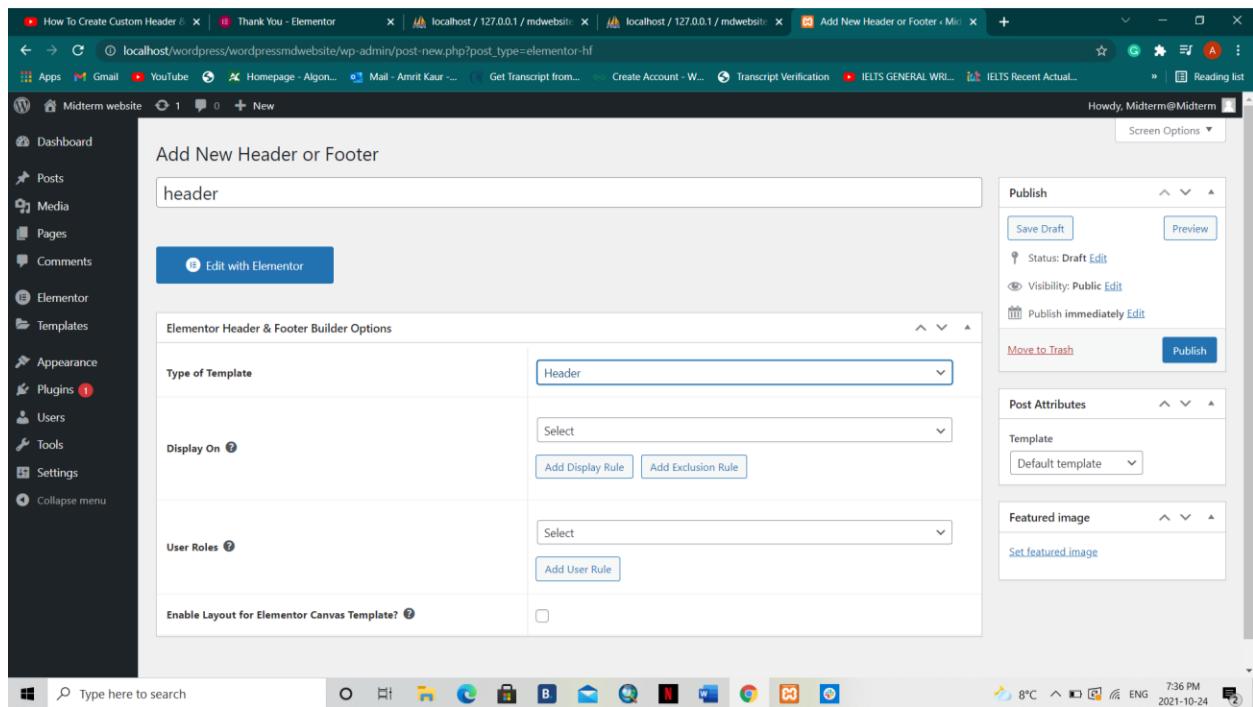

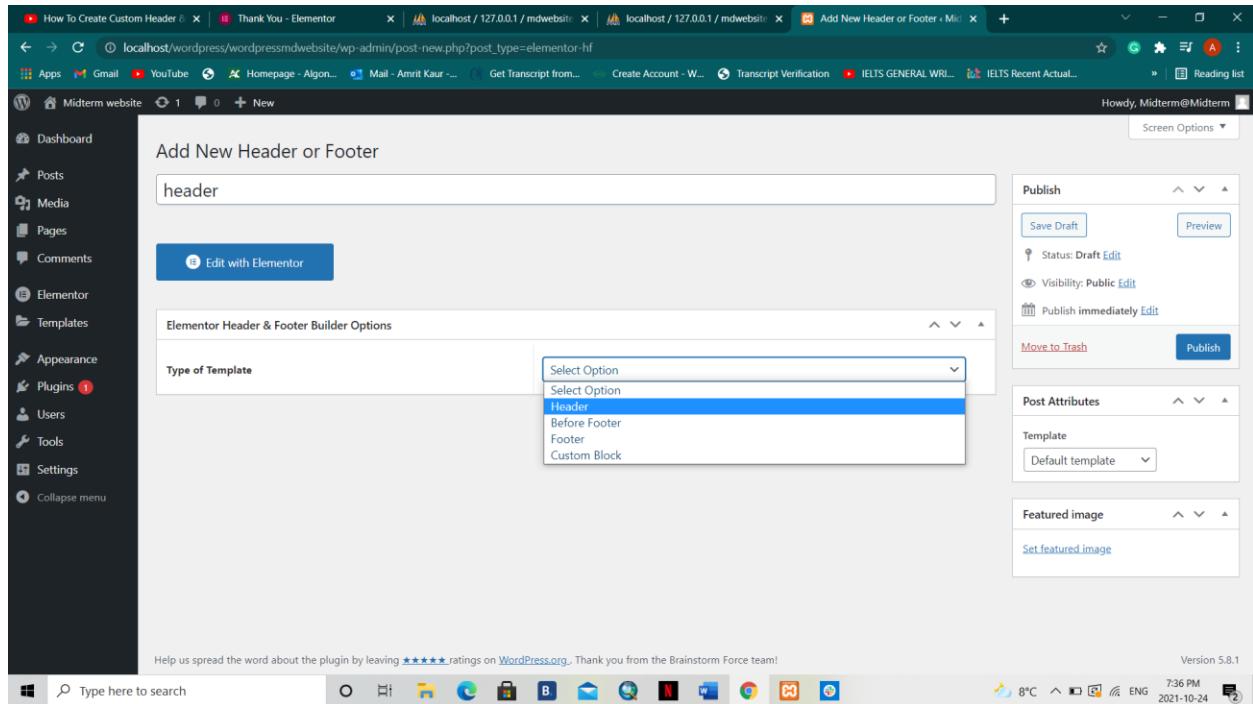

Then click add new

The screenshot shows a browser window with multiple tabs open. The active tab is 'Elementor Header & Footer Builder'. The left sidebar of the WordPress admin dashboard is visible, showing various menu items like 'Dashboard', 'Posts', 'Media', etc. The main content area displays a table titled 'Elementor Header & Footer Builder' with three columns: 'Title', 'Shortcode', and 'Display Rules'. There are two rows in the table, both labeled 'Title'. A message 'No Templates found.' is displayed below the table. At the bottom of the page, there is a search bar and a status bar showing the date and time.

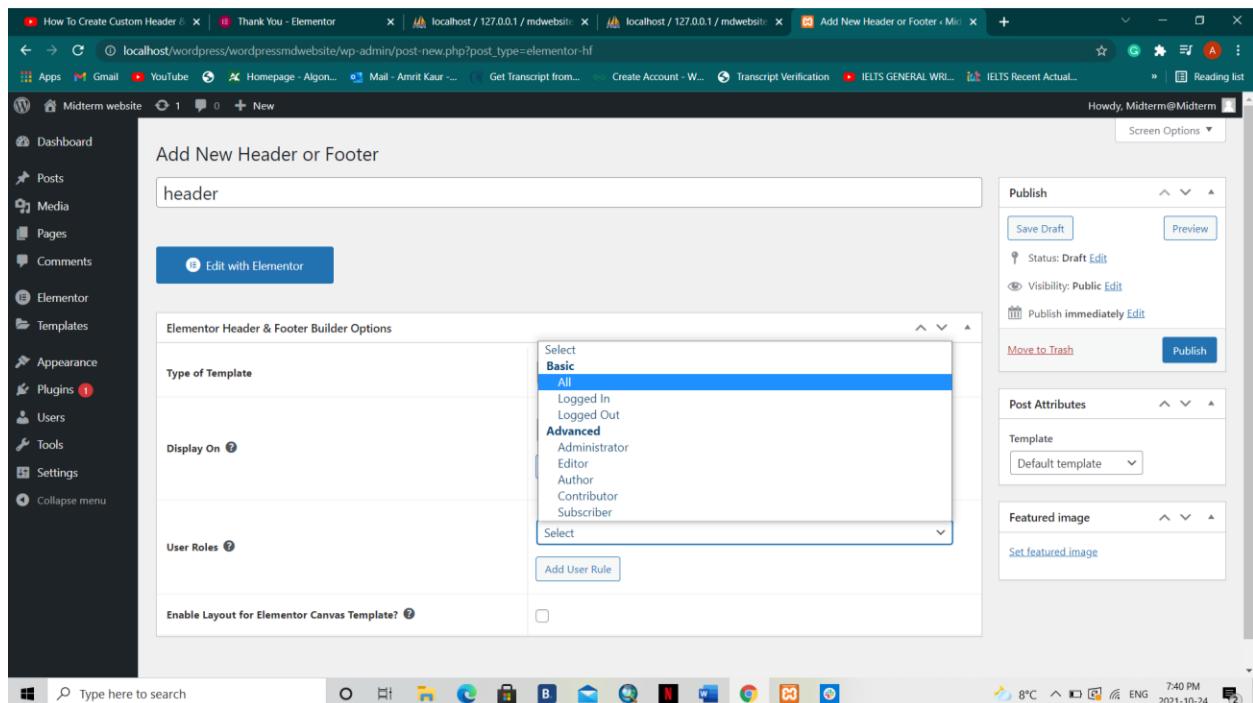

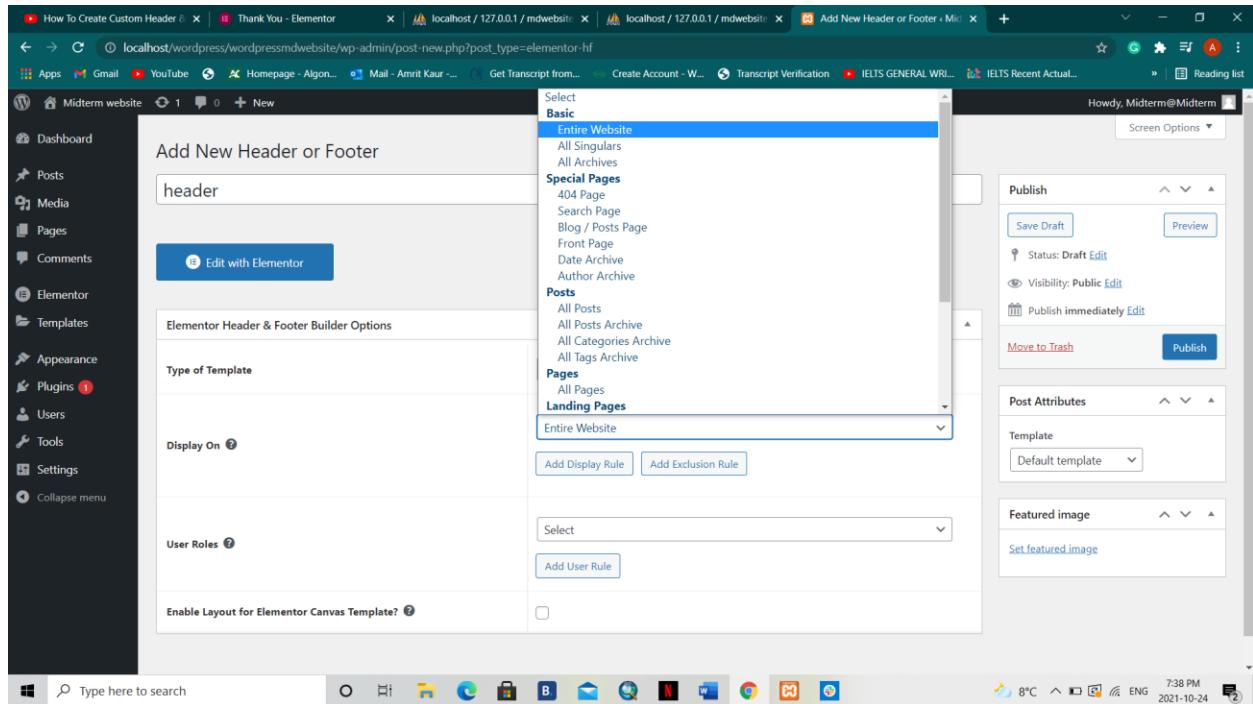

Write header

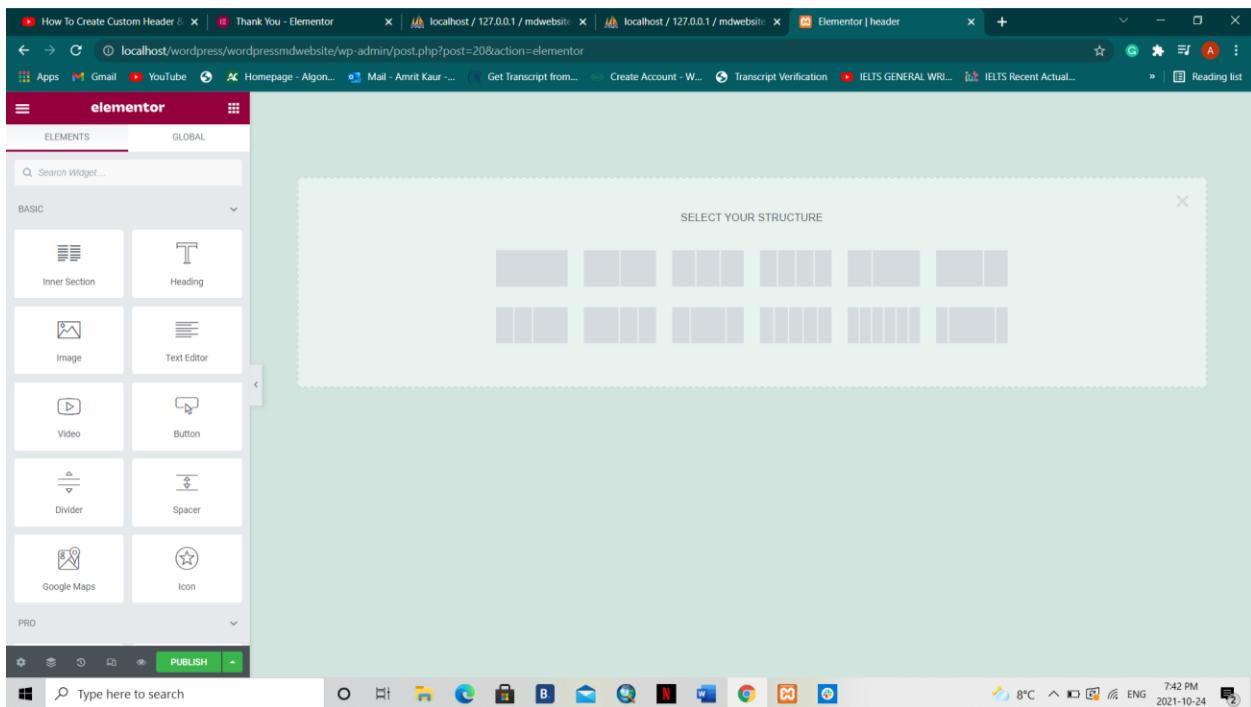

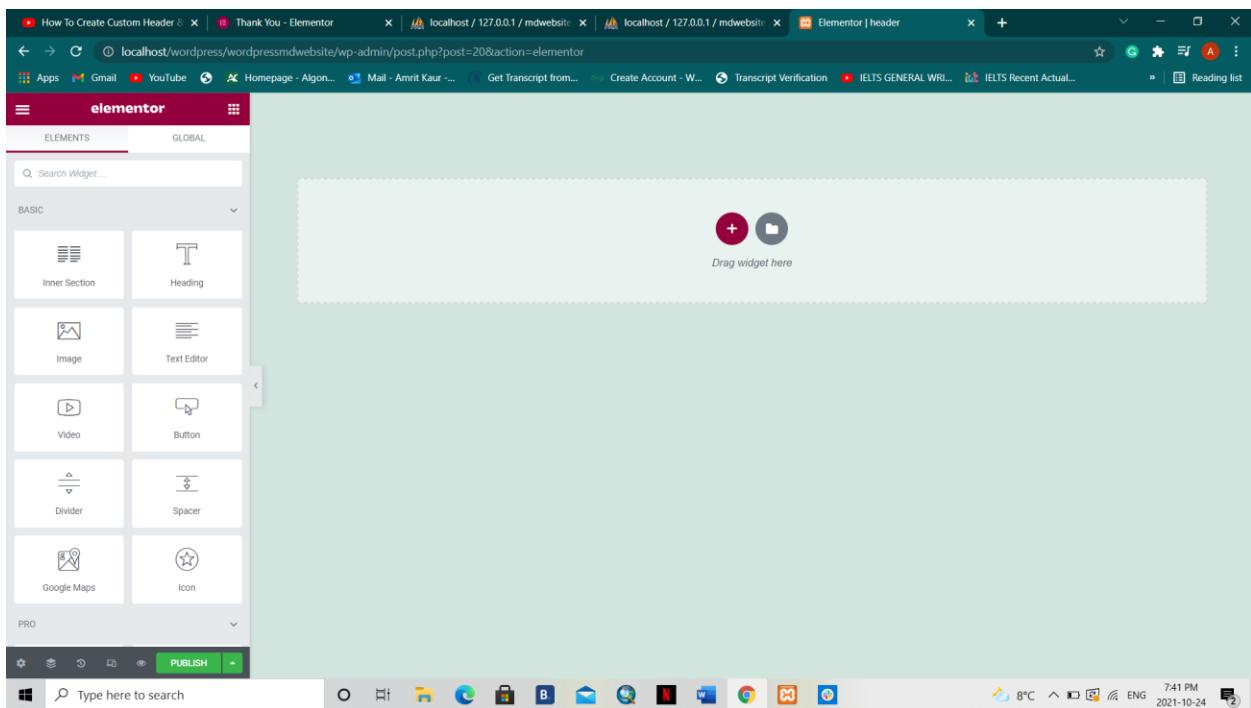

The screenshot shows a browser window with multiple tabs open. The active tab is 'Add New Header or Footer'. The left sidebar of the WordPress admin dashboard is visible. The main content area has a title 'Add New Header or Footer' and a search bar containing 'header'. Below the search bar is a button 'Edit with Elementor'. To the right, there are several metaboxes: 'Publish' (with 'Save Draft' and 'Publish' buttons), 'Post Attributes' (with 'Template' dropdown set to 'Default template'), and 'Featured image' (with 'Set featured image' link). At the bottom of the page, there is a note about leaving ratings on WordPress.org and a status bar showing the date and time.

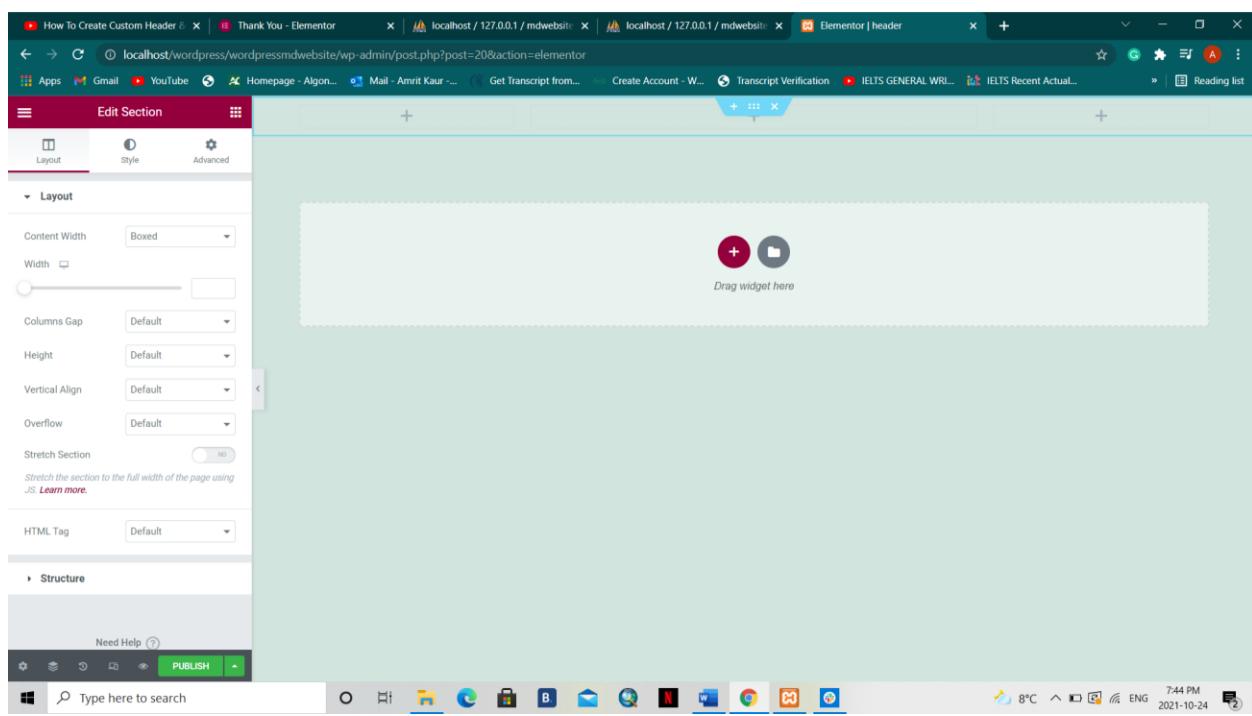

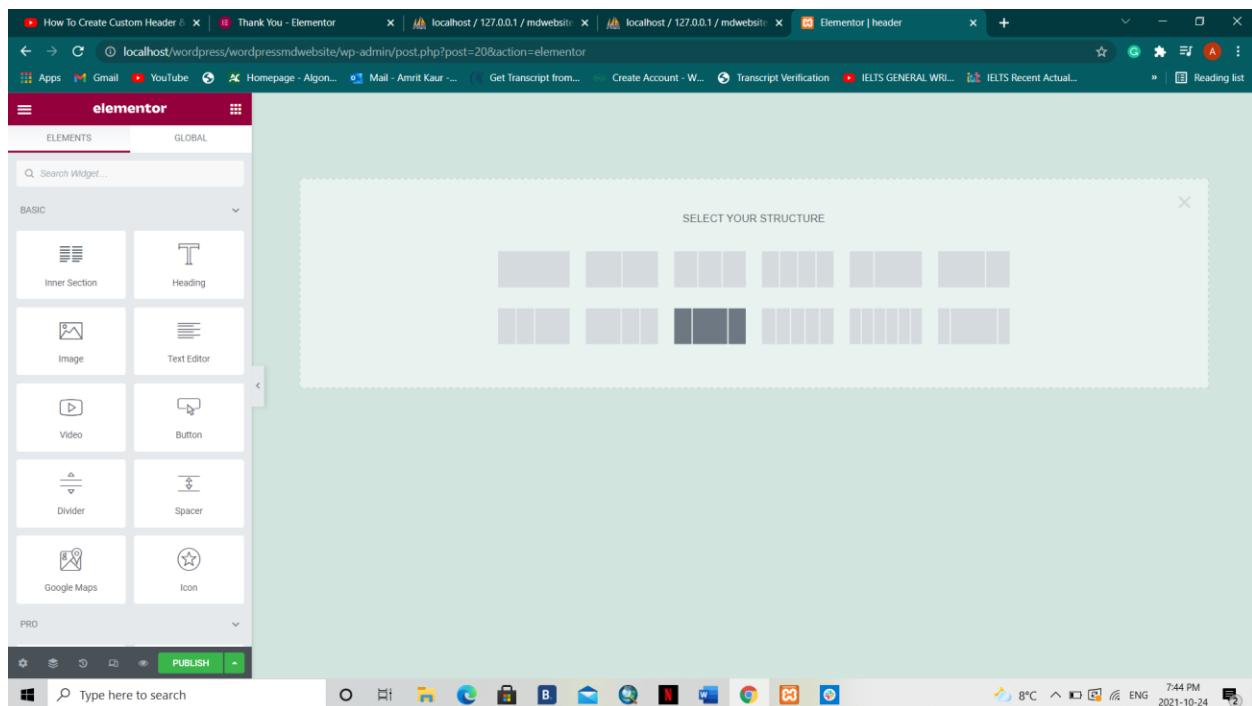

Then choose option header

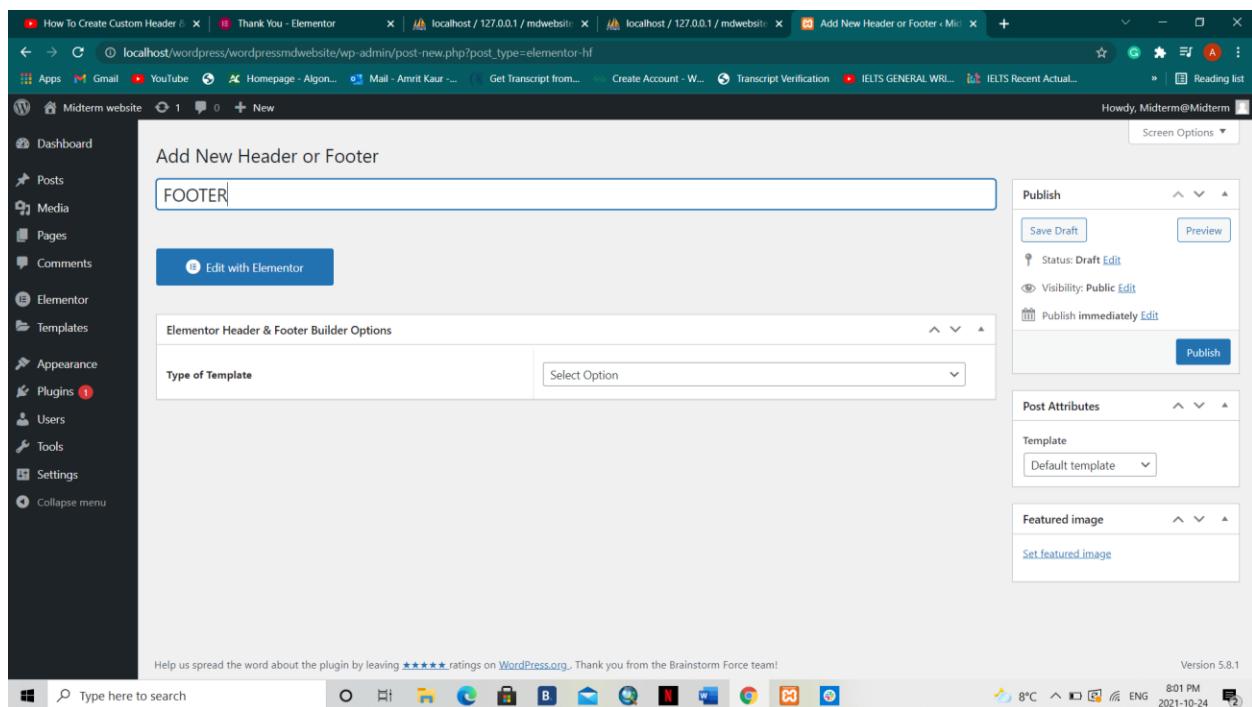

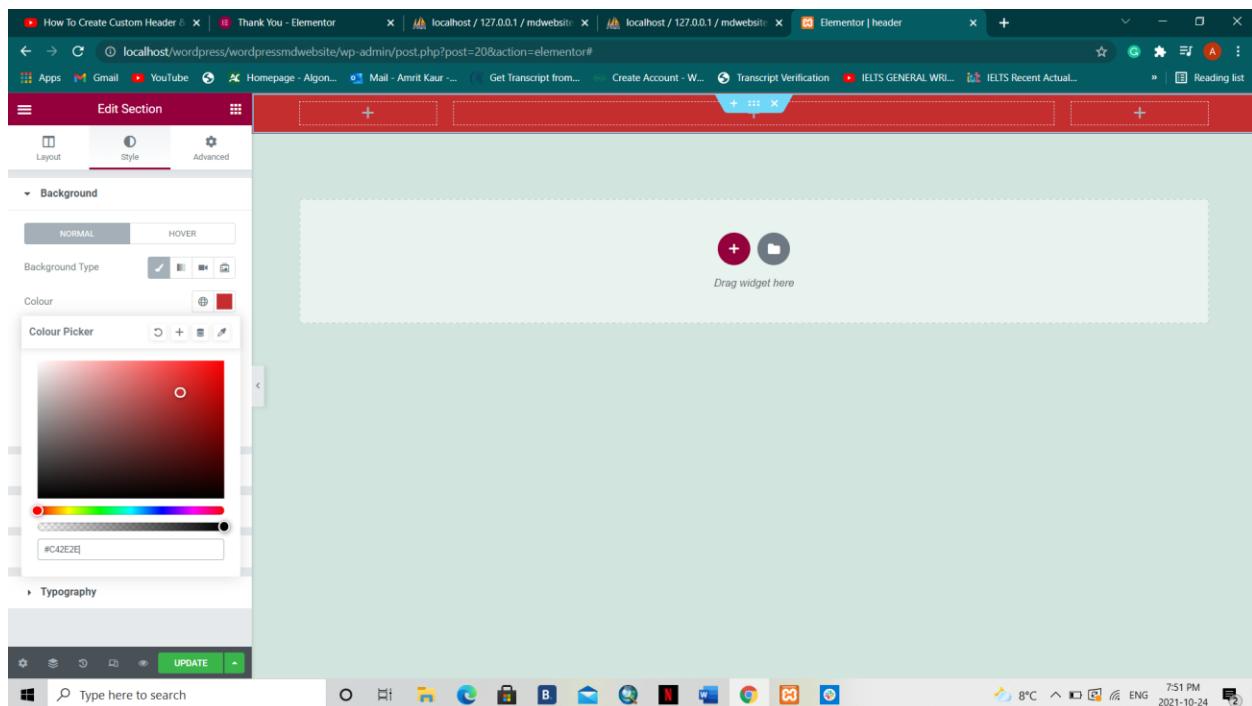

Then we can select where I can put the header

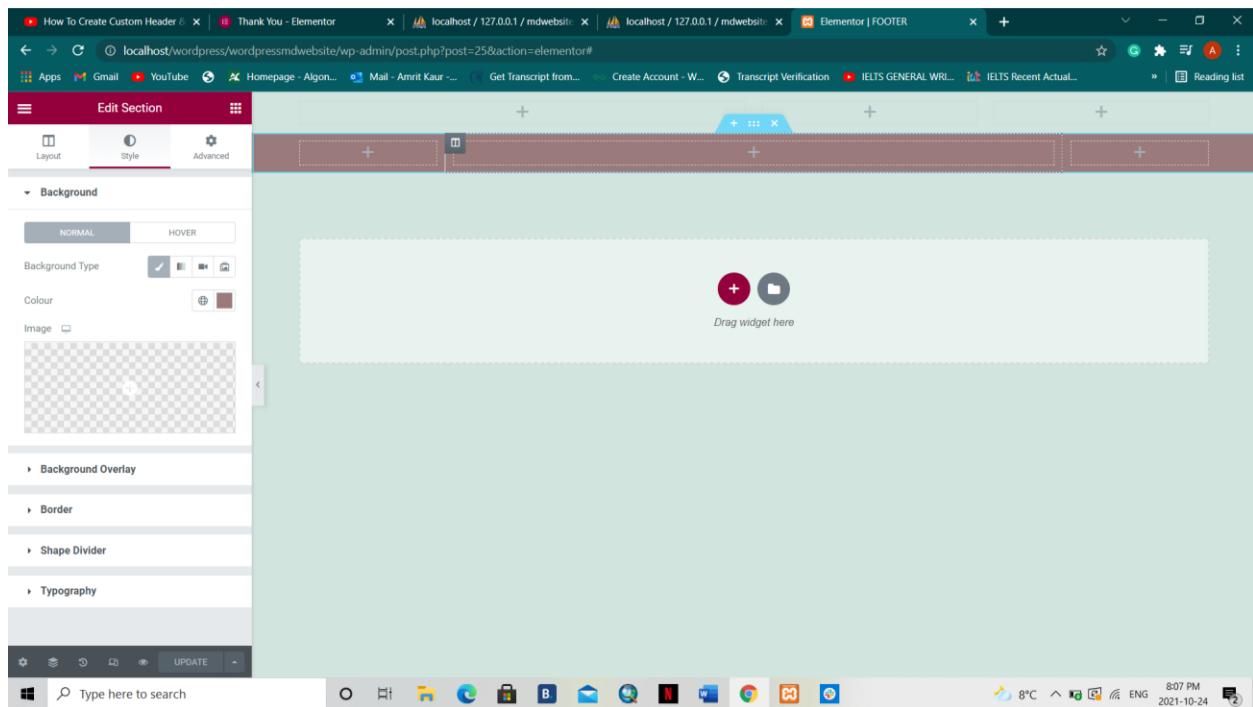

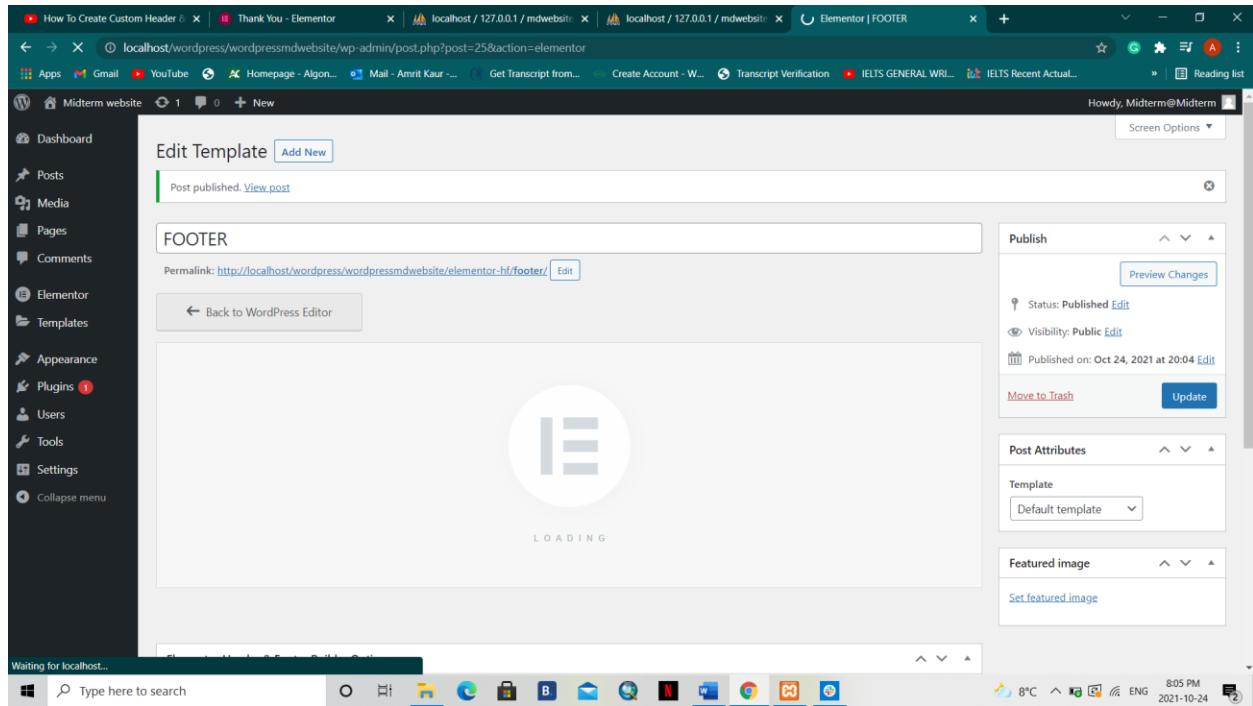

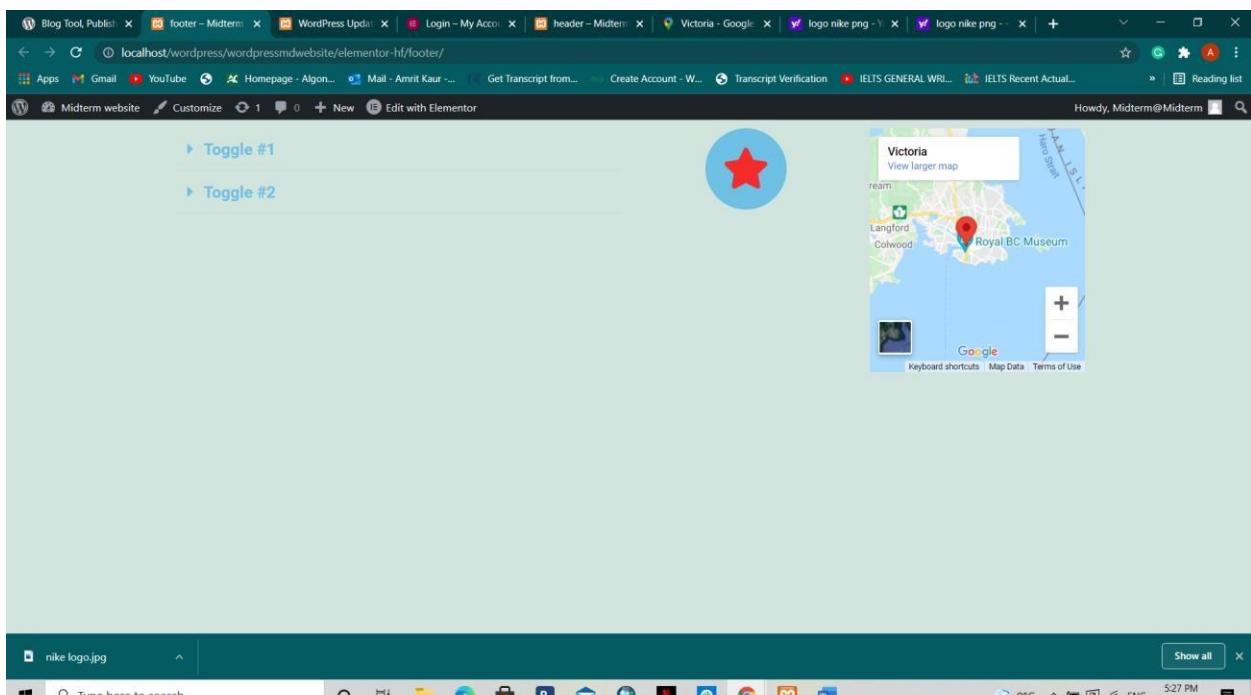

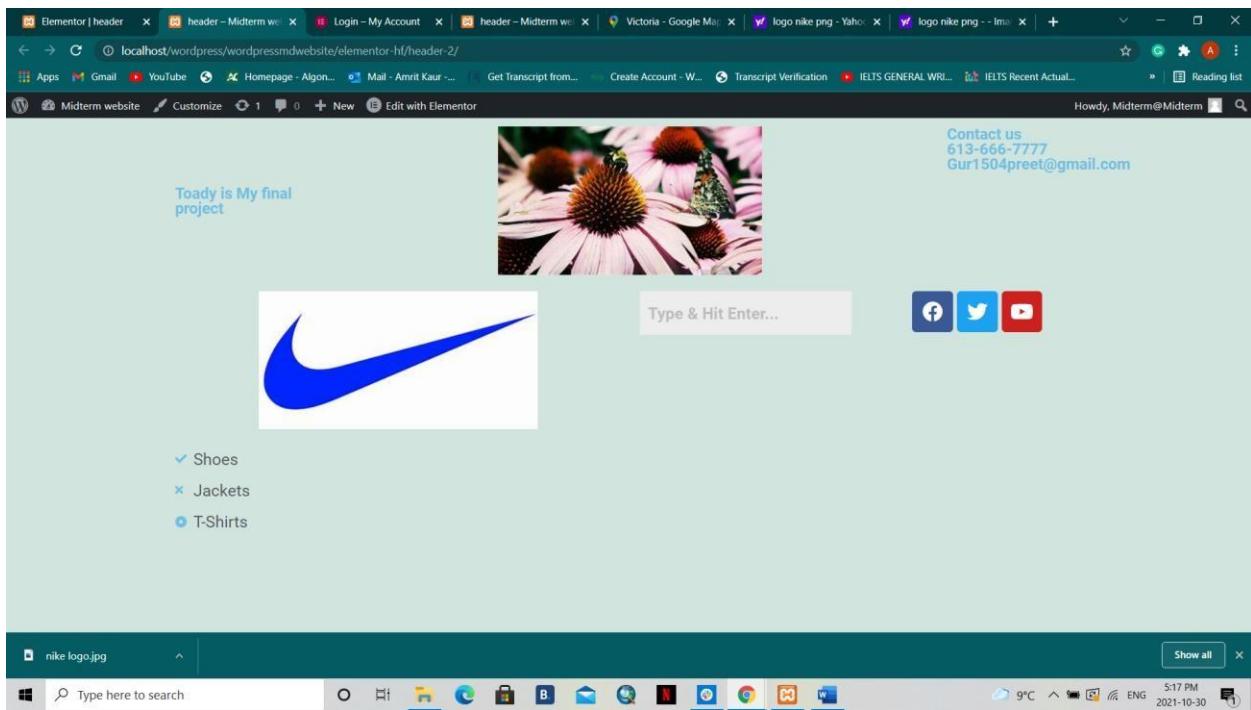

Screenshot of the WordPress admin interface showing the "Add New Header or Footer" page. The title bar shows multiple tabs including "How To Create Custom Header", "Thank You - Elementor", "localhost / 127.0.0.1 / mdwebsite", "localhost / 127.0.0.1 / mdwebsite", "Add New Header or Footer - M...", and "localhost / 127.0.0.1 / mdwebsite". The left sidebar has a dark theme with links like Dashboard, Posts, Media, Pages, Comments, Elementor, Templates, Appearance, Plugins (1), Users, Tools, Settings, and Collapse menu. The main content area has a white background with a header "Add New Header or Footer" and a text input field containing "FOOTER". Below it is a blue button "Edit with Elementor". A dropdown menu titled "Elementor Header & Footer Builder Options" is open, showing "Type of Template" with "Footer" selected. On the right, there are "Publish" and "Post Attributes" sections, and a note at the bottom encourages leaving 5-star ratings on WordPress.org.

Screenshot of the WordPress admin interface showing the "Add New Header or Footer" page. The title bar shows multiple tabs including "How To Create Custom Header", "Thank You - Elementor", "localhost / 127.0.0.1 / mdwebsite", "localhost / 127.0.0.1 / mdwebsite", "Add New Header or Footer - M...", and "localhost / 127.0.0.1 / mdwebsite". The left sidebar has a dark theme with links like Dashboard, Posts, Media, Pages, Comments, Elementor, Templates, Appearance, Plugins (1), Users, Tools, Settings, and Collapse menu. The main content area has a white background with a header "Add New Header or Footer" and a text input field containing "FOOTER". Below it is a blue button "Edit with Elementor". A dropdown menu titled "Elementor Header & Footer Builder Options" is open, showing "Type of Template" with "Footer" selected. On the right, there are "Publish" and "Post Attributes" sections, and a note at the bottom encourages leaving 5-star ratings on WordPress.org.

The screenshot shows the WordPress admin dashboard with the title 'Add New Header or Footer'. A text input field contains the word 'FOOTER'. Below it is a blue button labeled 'Edit with Elementor'. To the right, the 'Elementor Header & Footer Builder Options' sidebar is open, showing settings for 'Type of Template' (set to 'Basic'), 'Display On' (set to 'Entire Website'), and 'User Roles' (set to 'All'). The 'Publish' section indicates the post is in 'Draft' status with a 'Save Draft' button and a 'Publish' button. The 'Post Attributes' section shows 'Template' set to 'Default template'. The 'Featured image' section has a 'Set featured image' link.

The screenshot shows the 'Edit Template' page for the footer template. The title bar says 'Edit Template - Midterm website'. The main content area shows the 'FOOTER' template with its permalink: <http://localhost/wordpress/wordpre.../elementor-h/footer/>. The 'Elementor Header & Footer Builder Options' sidebar is identical to the previous screenshot, with 'Type of Template' set to 'Footer', 'Display On' set to 'Entire Website', and 'User Roles' set to 'All'. The 'Publish' section now shows the status as 'Published' on 'Oct 24, 2021 at 20:04' with a 'Preview Changes' button and a 'Update' button. The 'Post Attributes' section remains the same, and the 'Featured image' section has a 'Set featured image' link.
