Website dashboard

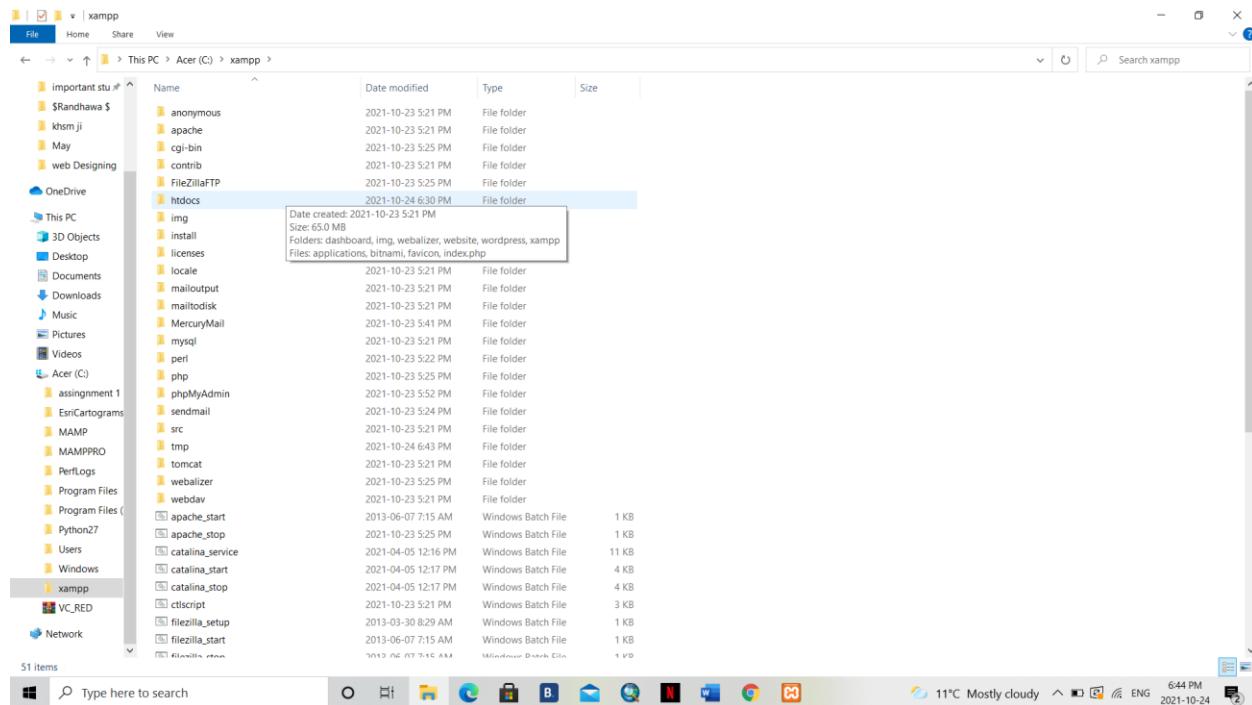

Create theme

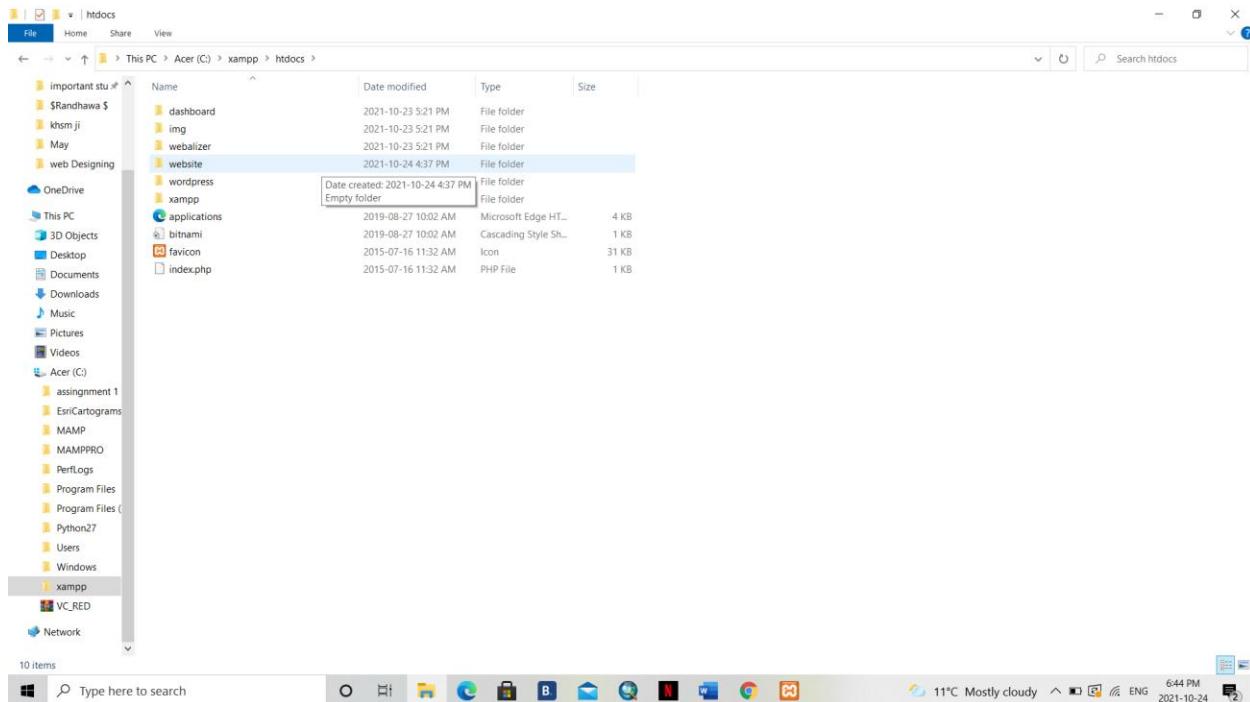

Step 1

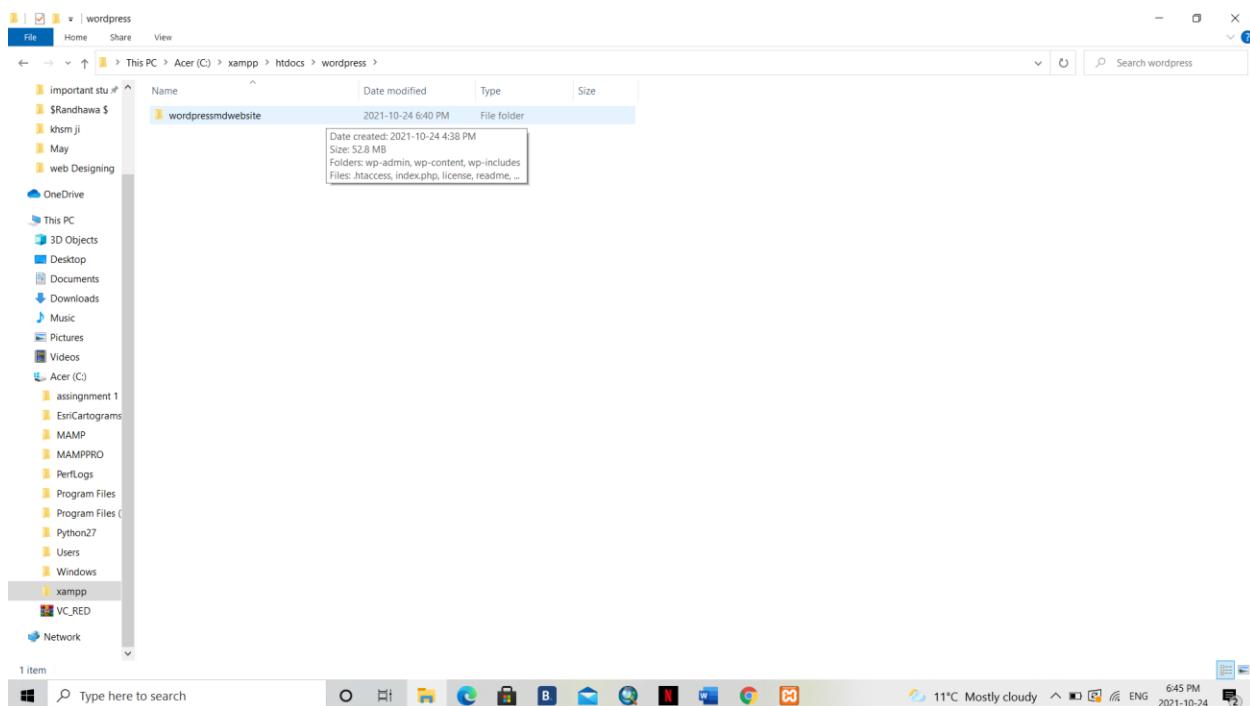

Step 2 htdocs

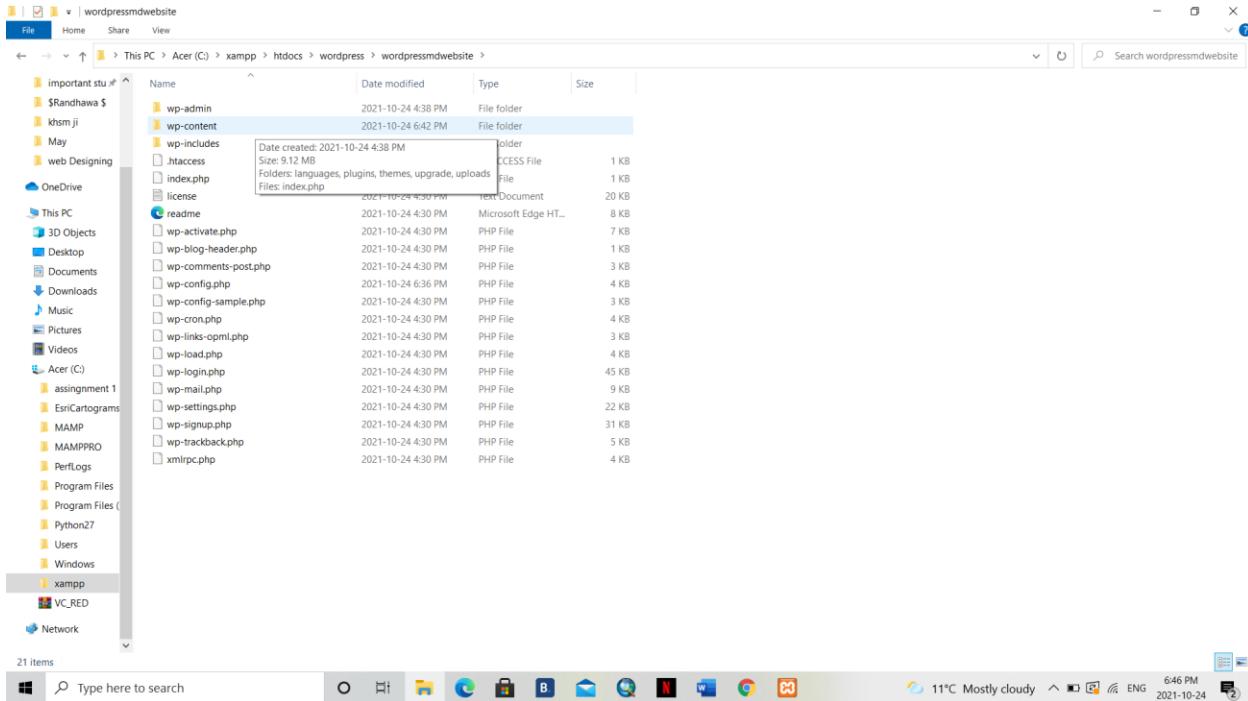

Step 3 wordpress

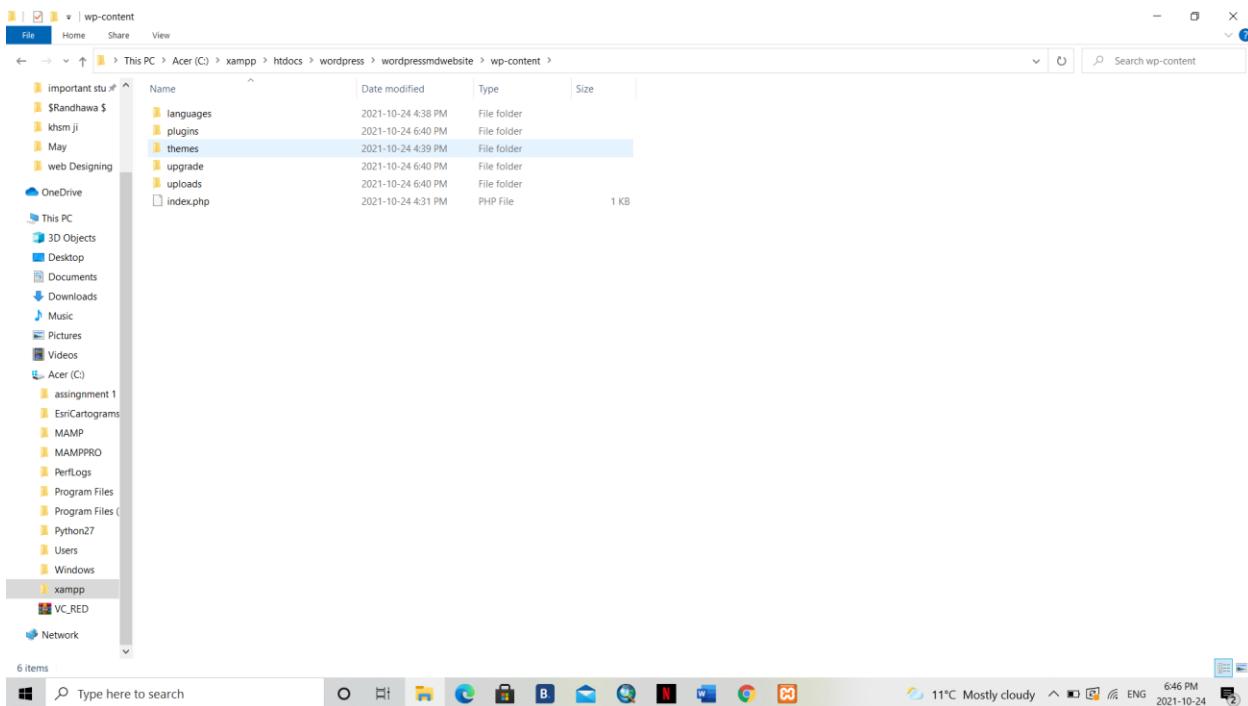

Step 4

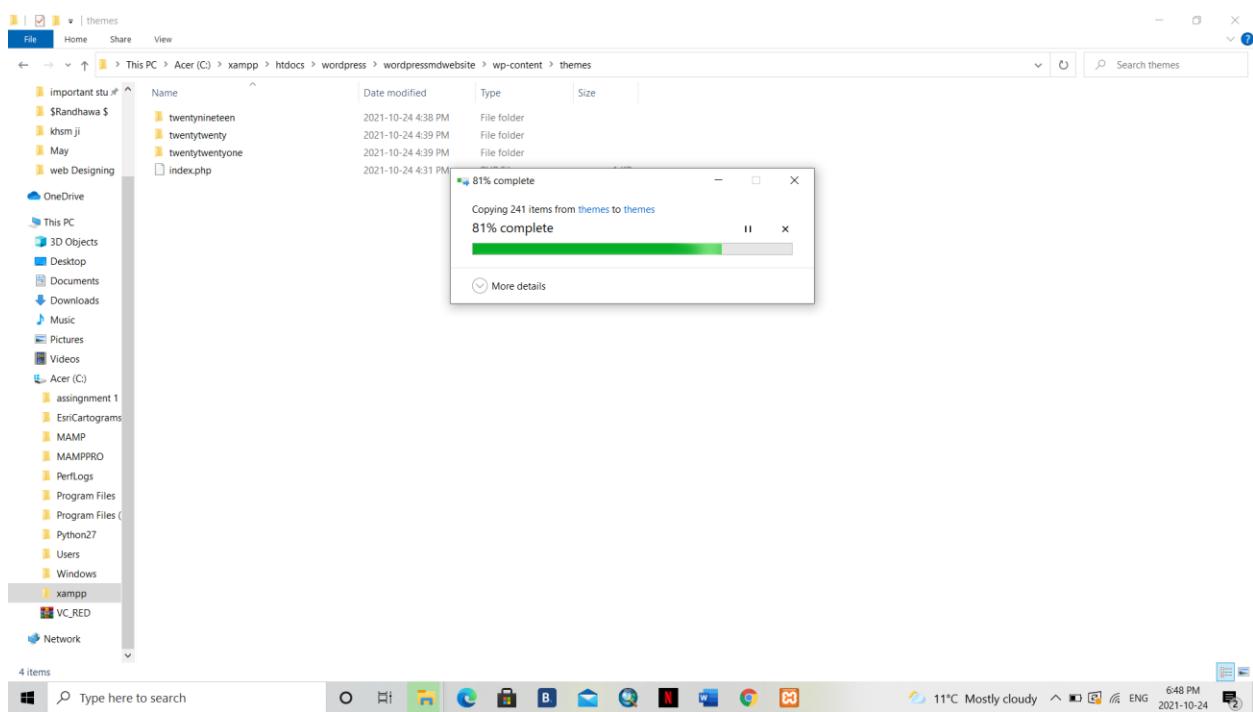

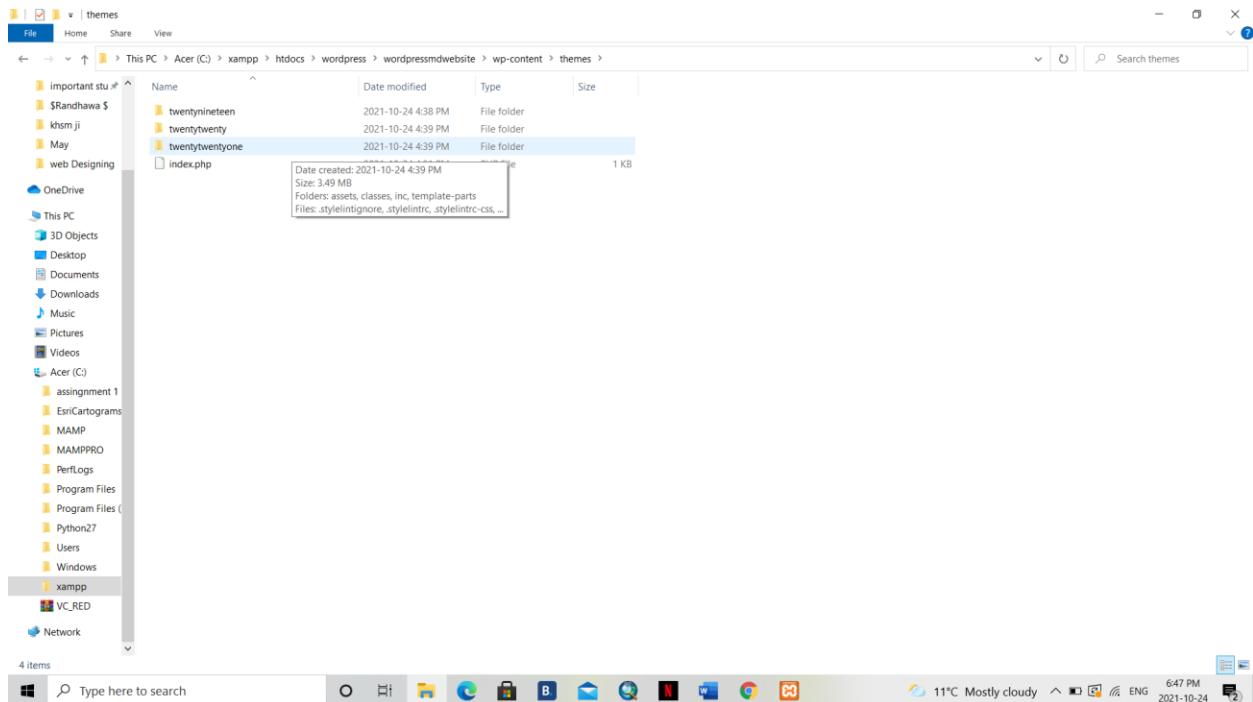

Step 5 wp content

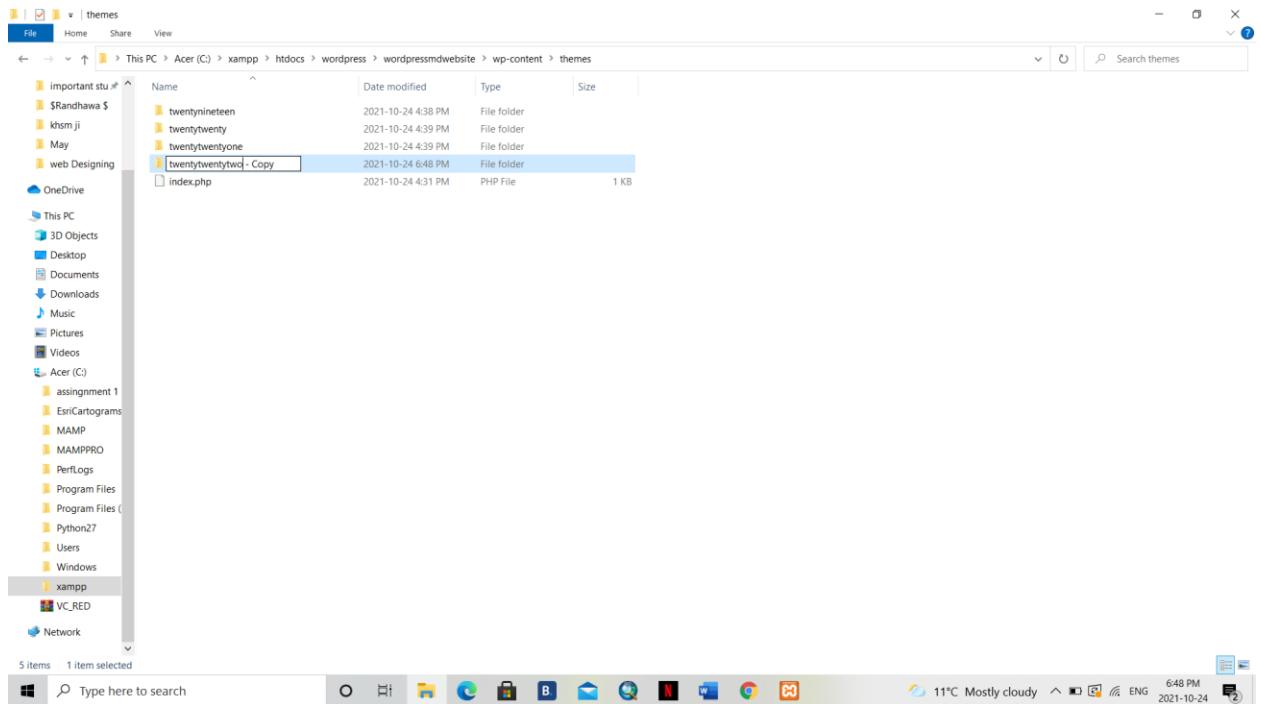

Step 6 theme

Step 7 copy , paste and rename twenty twenty two

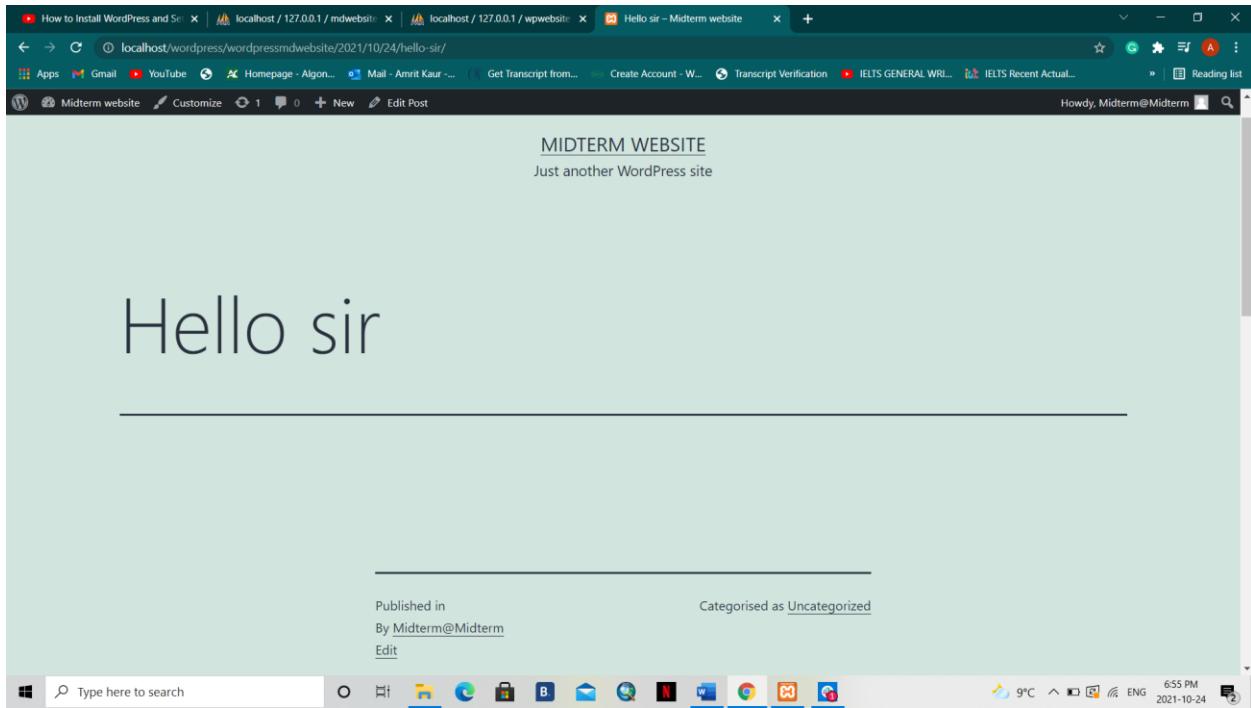

Theme created

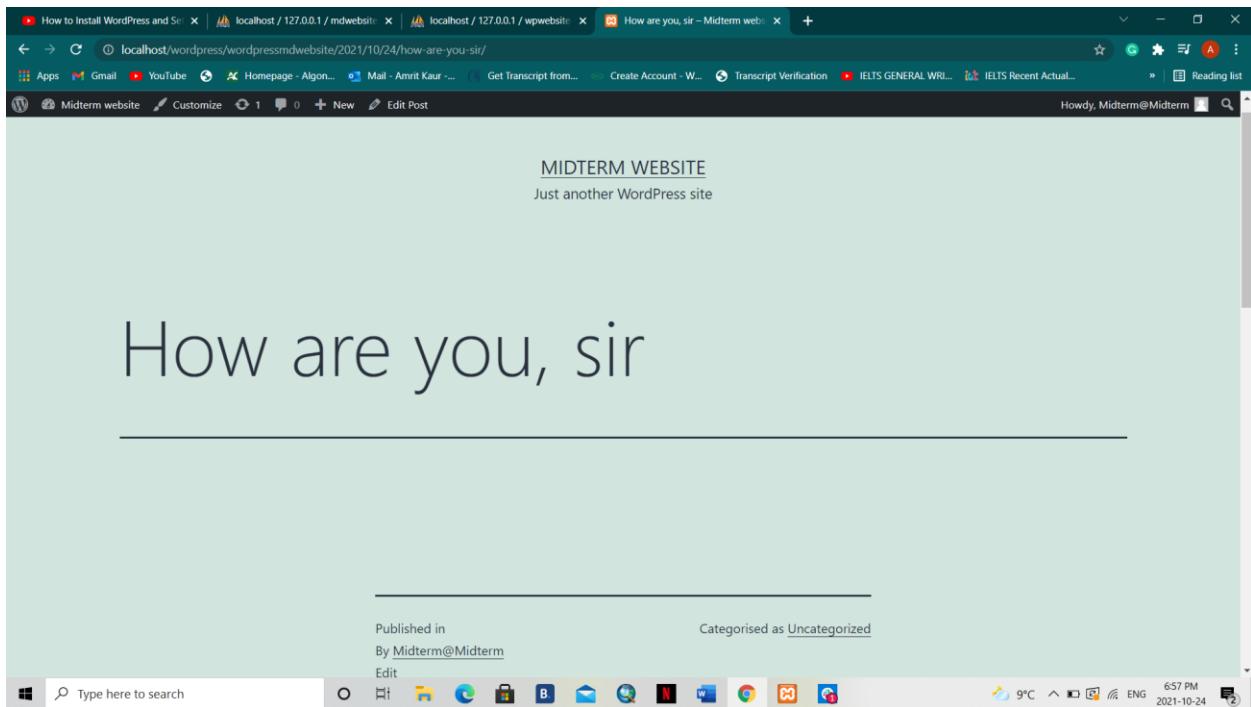

A screenshot of a web browser displaying a WordPress dashboard and a theme preview. The browser tabs include 'How to Install WordPress and Set It Up', 'localhost / 127.0.0.1 / midwebsite', 'localhost / 127.0.0.1 / wpwebsite', and 'Manage Themes < Midterm website'. The dashboard sidebar shows 'Appearance' is active, with 'Themes' selected. Below the sidebar, there are sections for Plugins, Users, Tools, and Settings. The main content area shows a preview of a theme named 'Twenty Twenty - One/twentytwentytwo - Copy'. The theme's homepage features a dark header with the text 'The works of Berthe Morisot, 1800s-era French painter'. Below the header is a grid of numbers (1-28) arranged in a 4x7 pattern. The browser taskbar at the bottom shows various application icons and the system tray with weather information.

The screenshot shows the WordPress admin interface for managing comments. The left sidebar is dark-themed and includes links for Dashboard, Posts, Media, Pages, Comments (selected), Appearance, Plugins (with a red notification dot), Users, Tools, Settings, and Collapse menu. The main content area is titled 'Comments' and displays a table of four comments. The columns are 'Author', 'Comment', 'In Response To', and 'Submitted On'. The first comment is from 'Midterm@Midterm' with the message 'Good for your life'. The second comment is from 'Midterm@Midterm' with the message 'good health'. The third comment is from 'Midterm@Midterm' with the message 'thats good'. The fourth comment is from 'A WordPress Commenter' with the message 'Hi, this is a comment. To get started with moderating, editing, and deleting comments, please visit the Comments screen in the dashboard. Commenter avatars come from Gravatar.' A toolbar at the bottom of the table includes 'Bulk Actions' and 'Apply' buttons. The status bar at the bottom right shows the date and time as 2021-10-24 7:06 PM.

Create header and footer

First installed [Elementor Header & Footer Builder](#)

The screenshot shows the WordPress admin interface for adding new plugins. The left sidebar is dark-themed and includes links for Dashboard, Posts, Media, Pages, Comments, Appearance, Plugins (selected, with a red notification dot), User Editor, Tools, Settings, and Collapse menu. The main content area is titled 'Add Plugins' and has a search bar with the keyword 'elementor header and footer'. Below the search bar, there are tabs for Search Results, Featured, Popular, Recommended, and Favourites. The results page shows four plugin cards: 'Elementor Header & Footer Builder' by Brainstorm Force, Nikhil Chavan (4.8 stars, 1+ million installs, last updated 2 months ago); 'Elementor Website Builder' by Elementor.com (4.8 stars, 5+ million installs, last updated 5 days ago); 'ElementsKit Elementor addons (Header & Footer Builder, Mega Menu Builder, Layout Library)' by Wpmet (4.8 stars, 400,000+ installs, last updated 4 weeks ago); and 'Gutenberg Template Library & Redux Framework' by Extendify (4.8 stars, 1+ million installs, last updated 1 month ago). A toolbar at the bottom of the page includes 'Bulk Actions' and 'Apply' buttons. The status bar at the bottom right shows the date and time as 2021-10-24 7:10 PM.

Plugin Activate

The screenshot shows the WordPress admin interface under the 'Plugins' section. A message at the top says 'Plugin activated'. Below it, a table lists four installed plugins: Akismet Anti-Spam, Elementor, Elementor Header & Footer Builder, and Hello Dolly. The Elementor plugin is highlighted as active. A notification bar at the bottom of the table indicates a new version of Akismet Anti-Spam is available.

Click Appearance then header footer builder

The screenshot shows the WordPress admin interface under the 'Appearance' section, specifically the 'Themes' sub-section. The 'Twenty Twenty-One' theme is selected and previewed. Other themes shown include Twenty Nineteen and Twenty Twenty. The sidebar on the left provides navigation options for appearance settings like background, menus, and widgets.

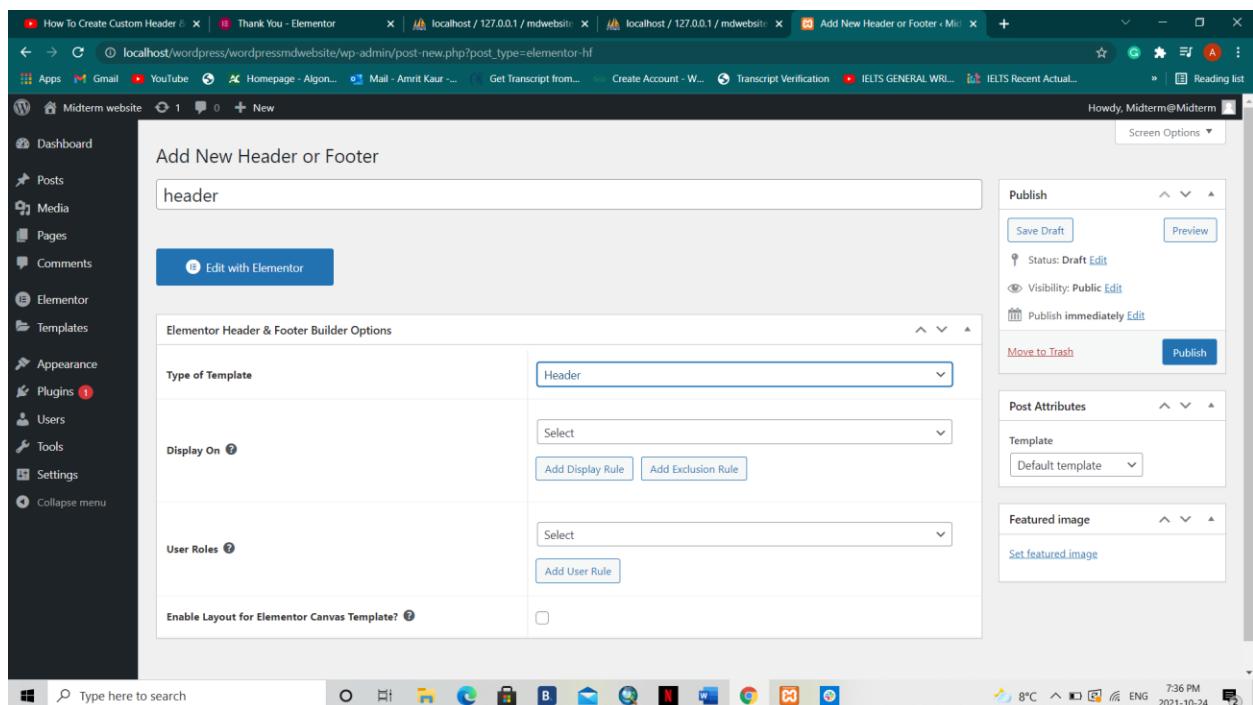

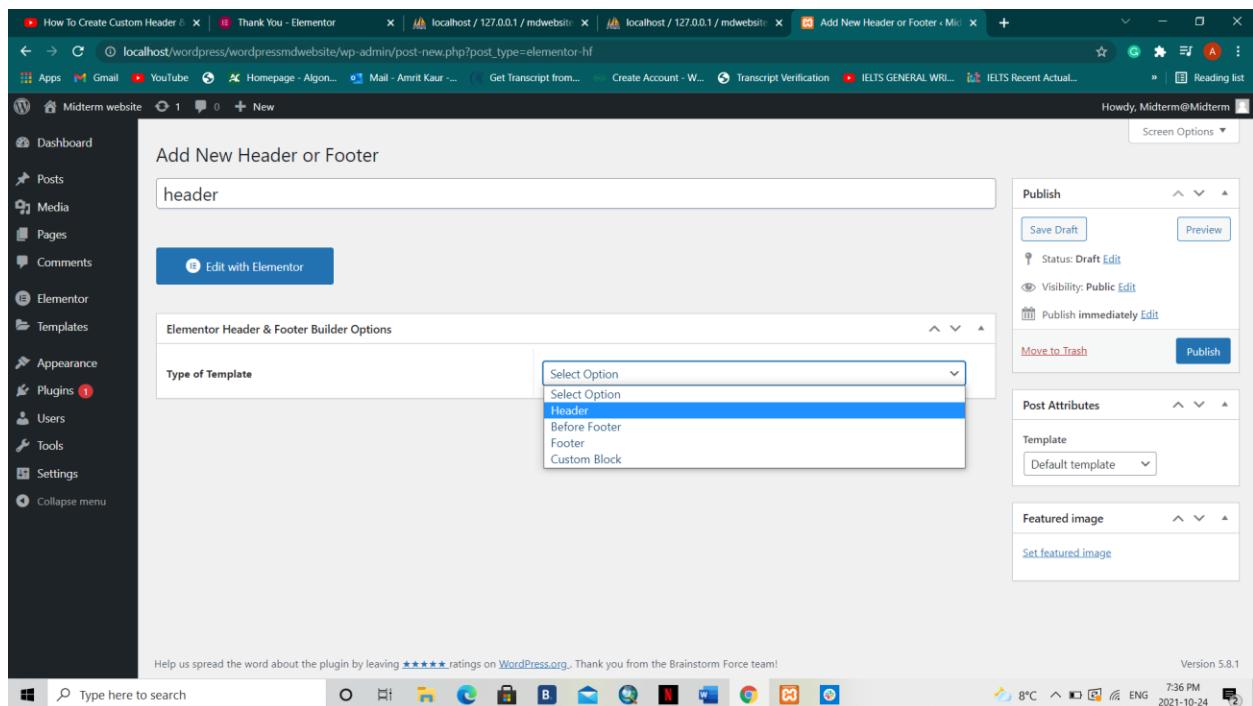

Then click add new

The screenshot shows the 'Elementor Header & Footer Builder' interface within a WordPress admin dashboard. The left sidebar includes links for Dashboard, Posts, Media, Pages, Comments, Elementor, Templates, Appearance, Plugins (with 1 update), Users, Tools, and Settings. The main area displays a table titled 'Elementor Header & Footer Builder' with three tabs at the top: 'All Templates' (selected), 'About Us', and 'Theme Support'. The table has columns for 'Title', 'Shortcode', 'Display Rules', and 'Date'. A message 'No Templates found.' is displayed below the table. The status bar at the bottom shows 'localhost/wordpress/wordpressmdwebsite/wp-admin/post-new.php?post_type=elementor-hf'.

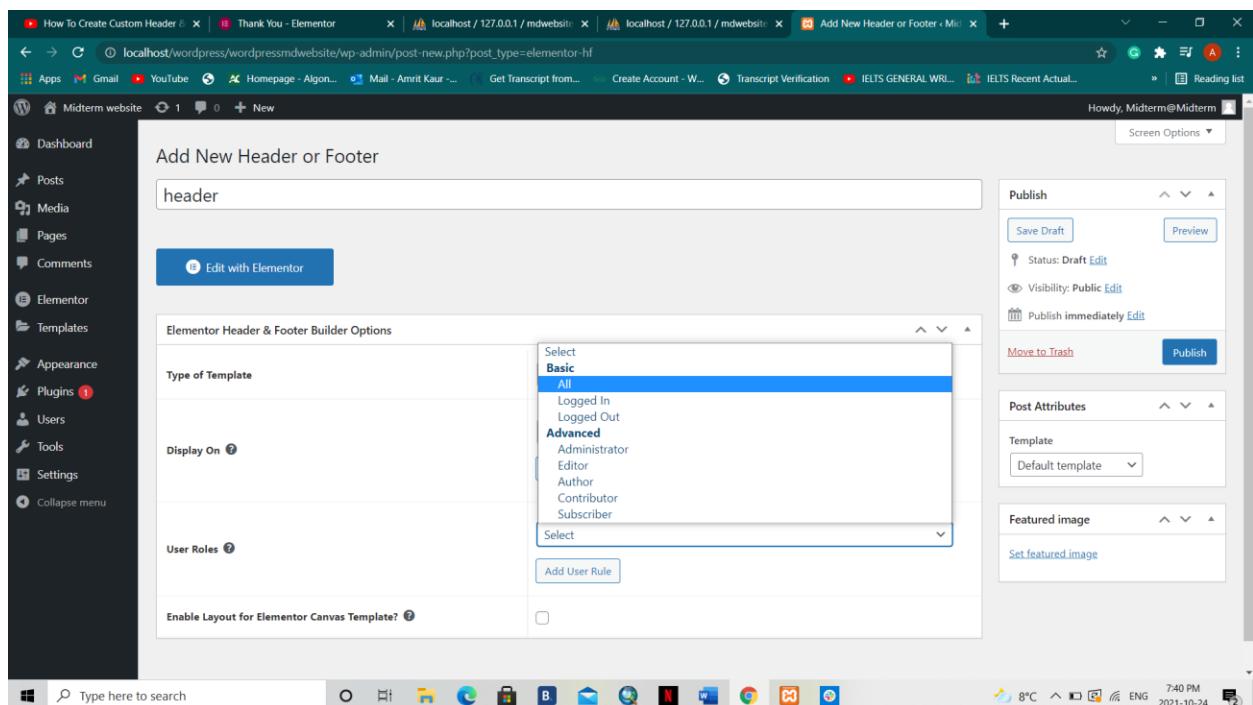

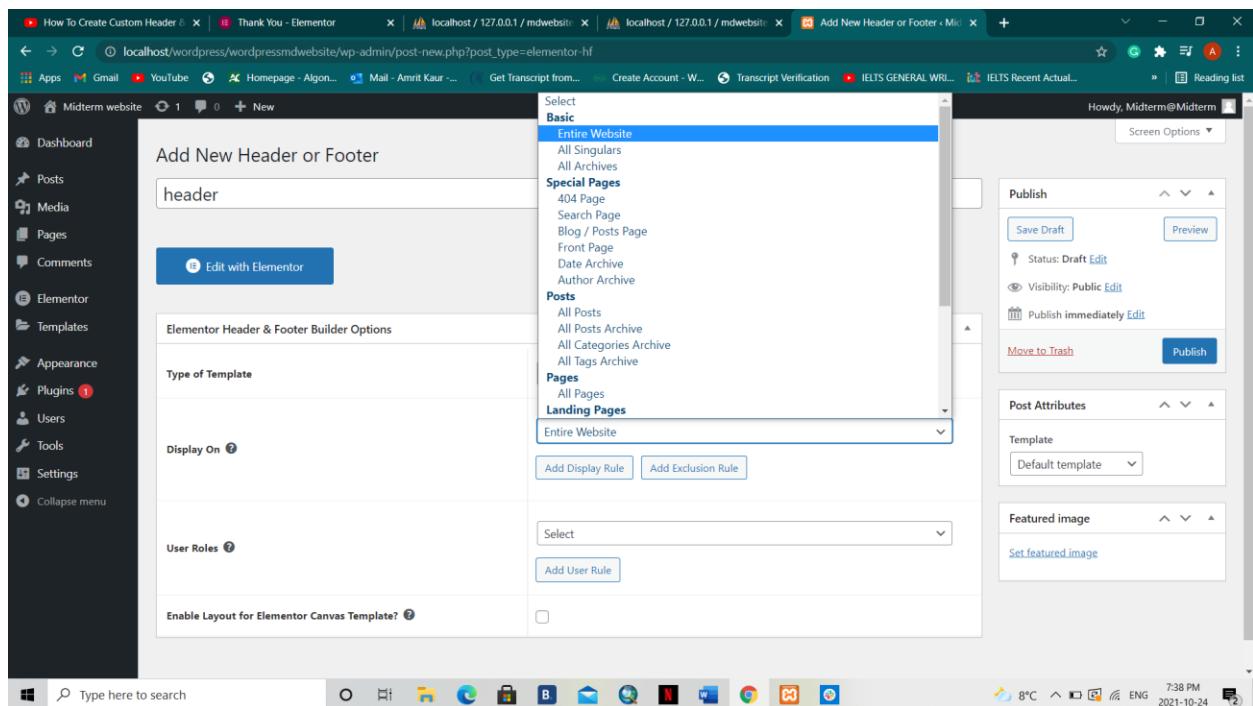

Write header

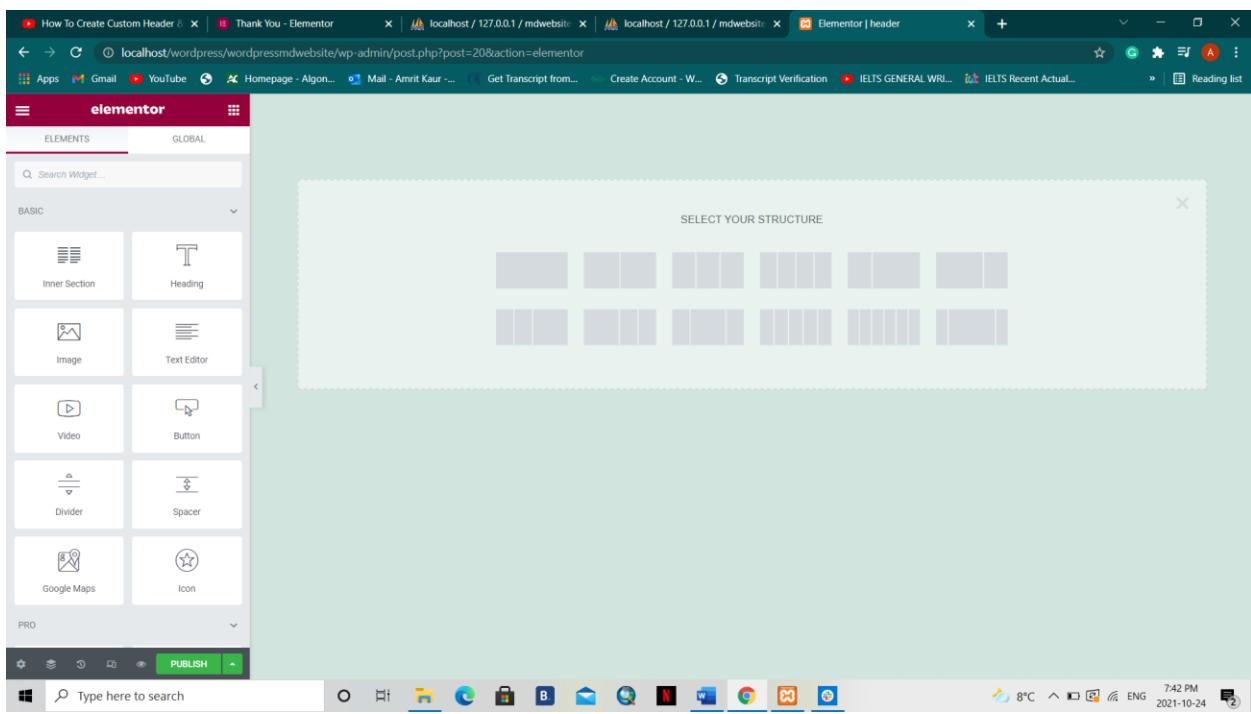

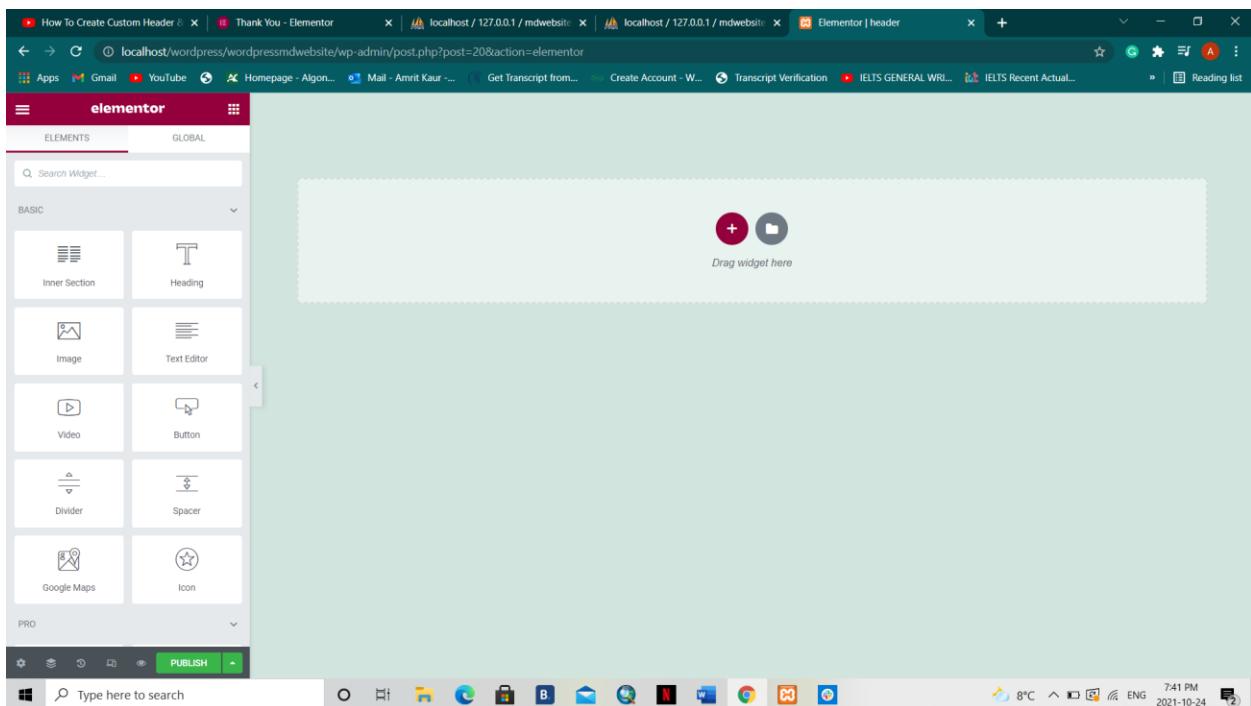

The screenshot shows the 'Add New Header or Footer' page. The left sidebar is identical to the previous screenshot. The main area has a search bar with 'header' typed in. Below it is a button labeled 'Edit with Elementor'. To the right are two columns: 'Publish' (with 'Save Draft', 'Status: Draft', 'Visibility: Public', and 'Publish') and 'Post Attributes' (with 'Template: Default template'). At the bottom, there's a note about leaving ratings on WordPress.org and a 'Version 5.8.1' link. The status bar at the bottom shows 'localhost/wordpress/wordpressmdwebsite/wp-admin/post-new.php?post_type=elementor-hf'.

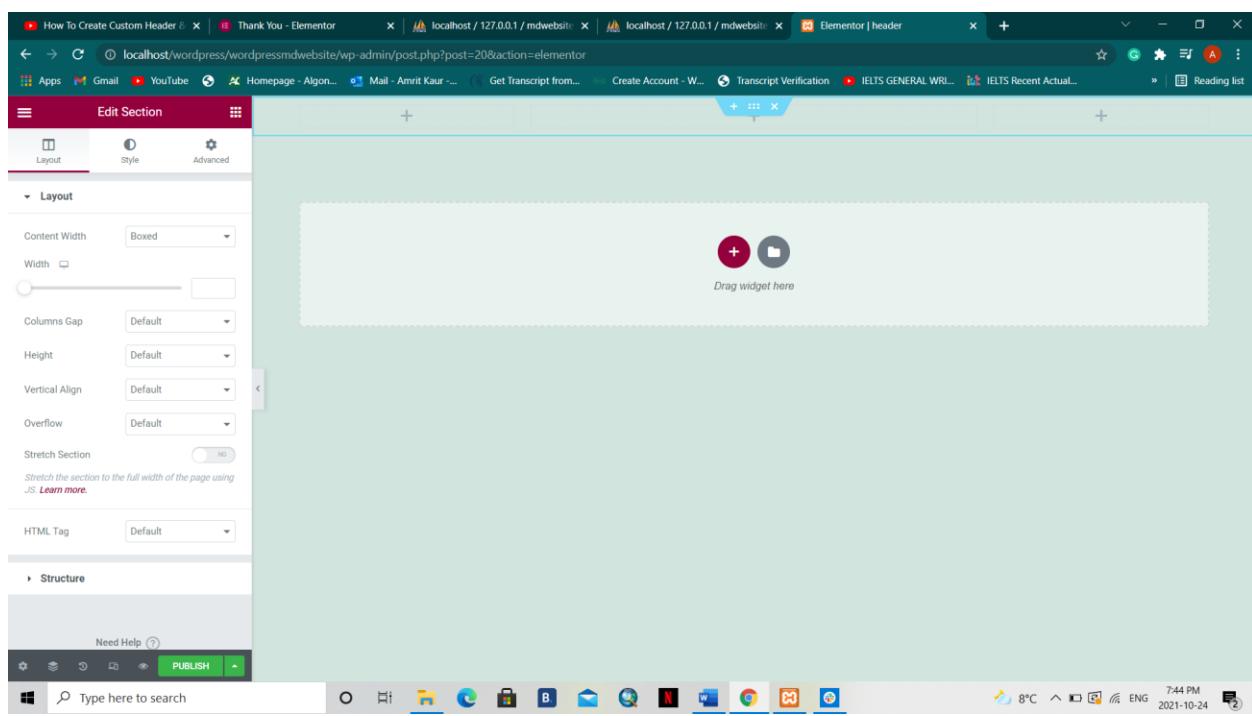

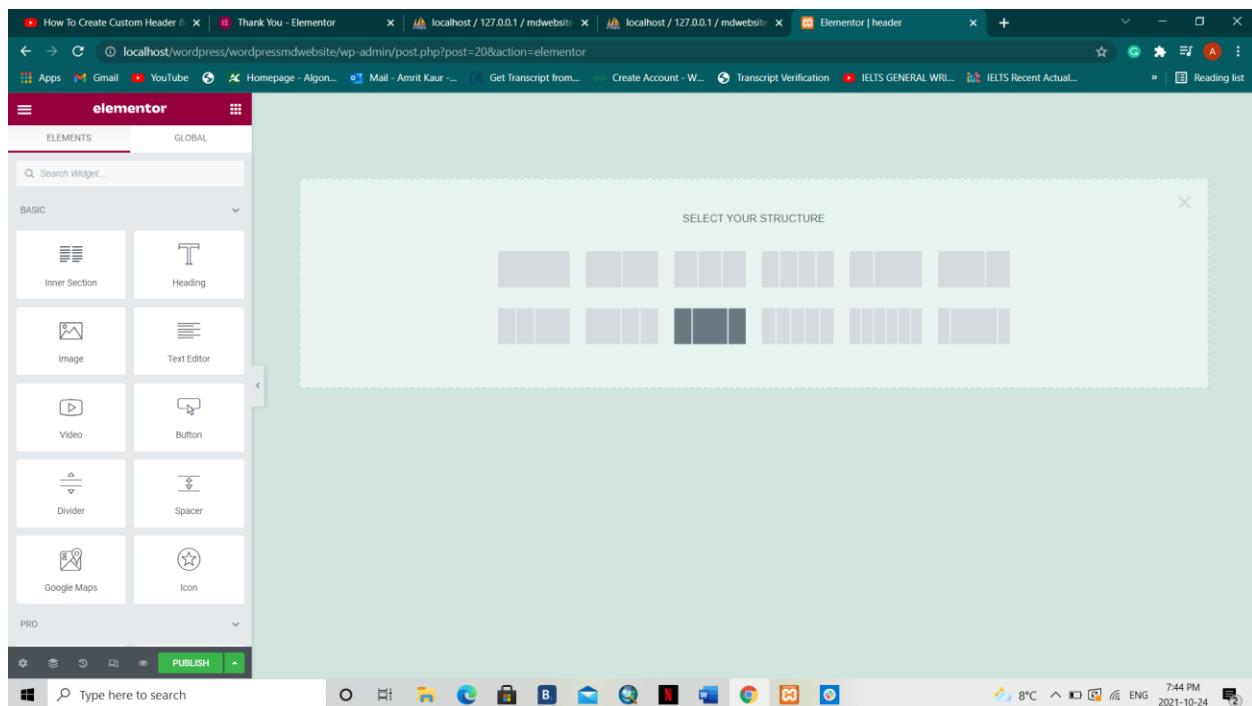

Then choose option header

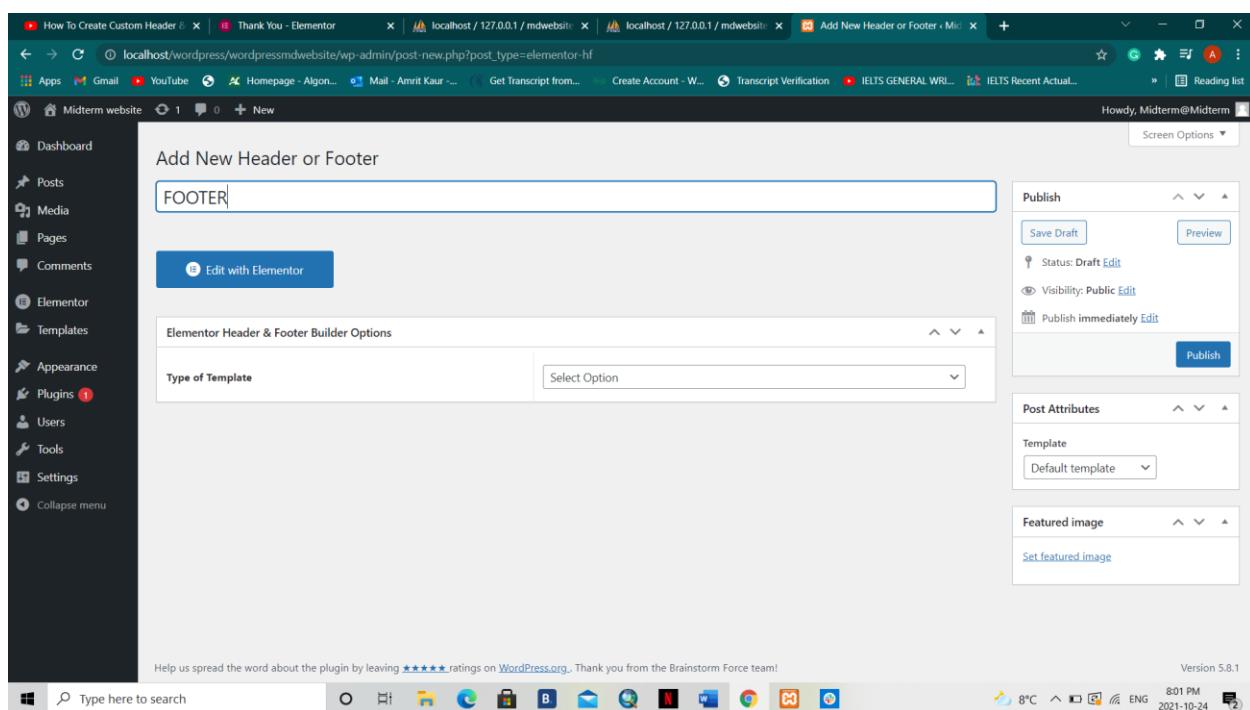

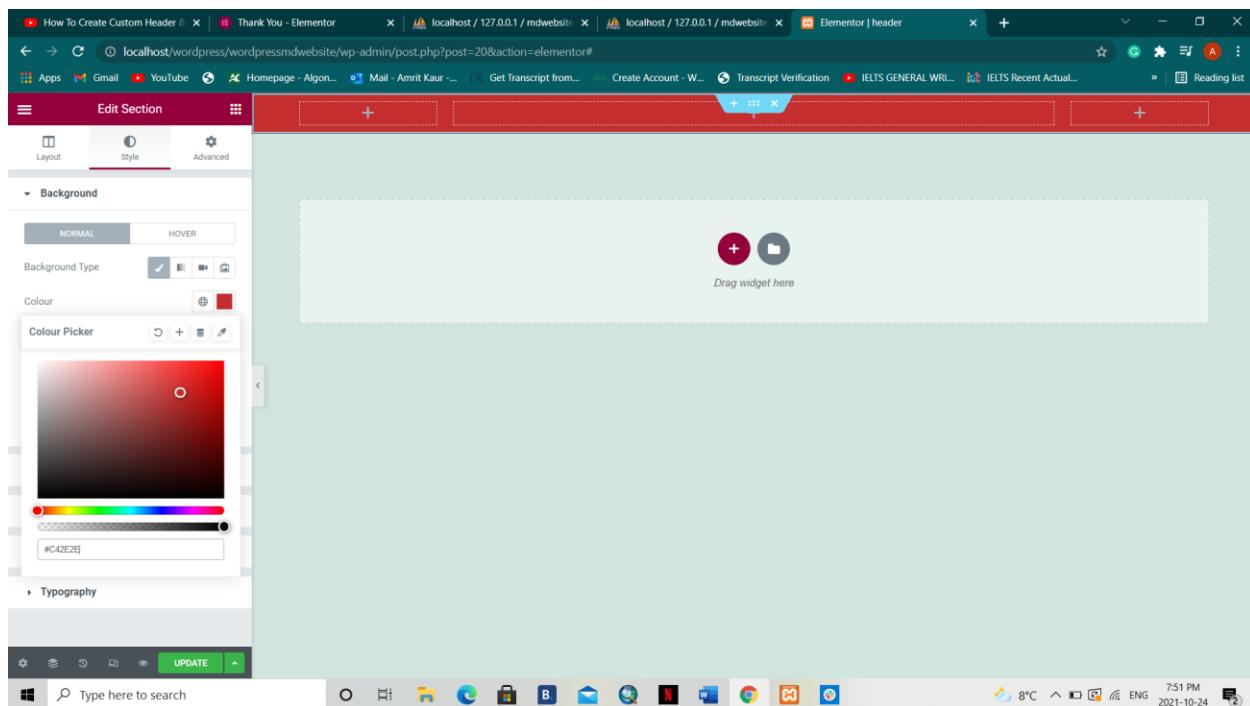

Then we can select where I can put the header

Screenshot of the WordPress admin interface showing the "Add New Header or Footer" page. The title bar says "Add New Header or Footer". The main content area has a text input field containing "FOOTER". Below it is a button "Edit with Elementor". A dropdown menu titled "Elementor Header & Footer Builder Options" is open, showing "Type of Template" with "Footer" selected. To the right are "Publish" and "Post Attributes" panels.

Screenshot of the WordPress admin interface showing the "Add New Header or Footer" page. The title bar says "Add New Header or Footer". The main content area has a text input field containing "FOOTER". Below it is a button "Edit with Elementor". A dropdown menu titled "Elementor Header & Footer Builder Options" is open, showing "Type of Template" with "Footer" selected. The "Display On" section shows "Select" and "Add Display Rule" and "Add Exclusion Rule" buttons. The "User Roles" section shows "Select" and "Add User Rule" buttons. The "Enable Layout for Elementor Canvas Template?" checkbox is unchecked. To the right are "Publish" and "Post Attributes" panels.
